## GIVES \$5,000 TO WORK OVERSEAS

Rush County Red Cross Makes Contribution in Response to Appeal From National Body

### COMMITTEE IS APPOINTED

Will Compile Data on Local Chapter's War Activities—Appeal For Workers Issued

At the meeting of the executive committee of the Rush county chapter of the American Red Cross last night, \$5,000 was appropriated to the Red Cross to be used for work abroad and a committee of three women was appointed to compile data on the activities of the Rush county chapter during the war, to be supplied to the Lake division headquarters.

The committee also discussed the imperative need of more women to help with the current quota, which may be finished in a few weeks if the proper number of workers respond to the appeal which was issued today.

The appropriation was made in response to an appeal sent to all chapters for funds because of the imperative need of work among war refugees. The chapter was requested to forward all the money in the treasury because there will be no future needs for funds since chapters are no longer required to buy supplies. Material for garments, already cut, is supplied by the Lake division.

Mrs. A. B. Stewart, Mrs. Phil Wink and Mrs. Harrie Jones were named as the committee to prepare the data on the activities of the Rush county chapter since its organization, which was after the United States entered the war. The report will be completed by May 1 and will be used in preparing the history of the American Red Cross during the war. The local committee will have to gather data only from the date when the Red Cross War History was issued, as that book covered the county's work during the first part of the war.

The statement requesting help from the women of the county in completing the quota of garments recently allotted, is as follows:

The necessity for greater activity in the work of the Rush county chapter of the Red Cross is imperative.

Since the signing of the armistice, and the cessation of hostilities five months ago, a sense of security seems to have possessed the people of this county, generally, which has led the majority to regard the work of the Red Cross as finished, resulting in an attitude of indifference strangely in contrast with the activities which characterized the organization during the war.

The importance of meeting the requirements of the Red Cross, and furnishing the quotas of clothing, and knitted articles apportioned to the local chapter, are emphasized by reports of widespread distress and suffering in European countries as an aftermath of the war, and also the fact that the American armies at home and abroad, are only partly demobilized.

The extent of the distress abroad is hardly imaginable. No voluntary organization however liberally supported, could cope with the problem of relieving this distressed situation. The allied governments themselves, working through the International Relief Commission, have undertaken to help the destitute peoples with food, but there still remains great opportunity for the Red Cross in dealing with the more acute and emergent problems, such as caring for the sick and infirm and the guarding of the lives of children, by providing food and clothing.

Nothing could be more mistaken.

## TO SPEAK ON GAS WARFARE

Gus Williams Will Address Epworth League Sunday Night

"Offensive Gas in Modern Warfare" will be the subject of the talk to be delivered by Gus Williams who will speak at the Epworth League of the Methodist church on Sunday evening at 7 o'clock. Mr. Williams was to have talked on last Sunday evening and was unexpectedly called out of the city. Mr. Williams' talk will be of special interest because of the fact that he belonged to the only Gas regiment which went overseas. Having been in the service for over a year, he is well fitted to speak on the subject which he has chosen.

## RINGS FOR FORMER BATTERY A MEN HERE

Memento of War Purchased With Battery Fund May Be Obtained of Allan H. Blackledge.

### HAS REGIMENTAL INSIGNIA.

All former members of Battery A, 139 Field Artillery, may obtain sterling silver rings which were purchased with the battery fund as a memento of the war, by seeing Allan H. Blackledge, former first lieutenant, who has received them. The rings are distinctive and will not be duplicated by any other organization because the die has been destroyed. On the top of the ring is the impression of a cannon, on one side the insignia of the artillery branch of the service with the letters "139th F. A." and on the other side the insignia of the 38th, the Cyclone division.

Each member of the battery, in addition to the ring, will receive a picture of the regiment and a regimental history. After these things were paid for out of the battery fund, the remainder was spent for delicacies which were not on the army bill of fare. The battery fund represented a part of the old Company B fund, because when the Fourth Indiana infantry was converted into the 139th Field Artillery at Camp Shelby, Miss., a large number of the men in Company B were transferred to Battery A.

## REINHEIMER HELD FOR HAULING BOOZE

Rushville Man Arrested in Indianapolis When Police Find Whiskey in His Machine

### FIRST GIVES THE WRONG NAME

Walter C. Reinheimer, age 36 years, who still claims Rushville as his home but who has not been living here for several months, made the mistake of stopping to call on a woman friend last night while his automobile still contained a load of whiskey, according to a story in the Indianapolis Star this morning. It was stated in the Star that Reinheimer told the police that he bought the whiskey in Dayton, Ohio. While the car was standing at Alabama and North streets, the story in the Star continues, Patrolman E. C. Ball saw the closely-curtained, mud-covered machine. He raised one of the curtains and found the whiskey.

Reinheimer admitted the ownership of the automobile, the police say. He was sent to police headquarters, charged with violating the prohibition law. When the automobile was searched it was found to contain ten cases of half pints, nineteen pints and twelve quarts of whiskey and a quart of gin.

Reinheimer was here Wednesday in a machine and was probably then on the way to Ohio.

## MAY LEAVE THE PEACE CONGRESS

Italian Delegation Likely to Withdraw Monday if They Are Not Awarded Fiume

### NO EASTER PEACE PROBABLE

Signing of Pact by April 20 Out of Question Because of New Proposals Being Made

(By United Press.)

Paris, April 4.—Persons associated with Premier Orlando today informed American press headquarters that the entire Italian delegation will withdraw from the peace conference Monday if they are not awarded Fiume. There were several reports circulated several days ago but Italy's press bureau issued further denial.

France's confidence in an Easter peace voiced by Foreign Minister Pichon, is receiving no support from other sources. The belief appeared to be growing that owing to the appearance of new proposals and the difference of opinion regarding the old ones, the signing of the peace by Easter Sunday, April 20, is out of the question.

There is a disposition by the Big Four to settle more important phases of Italian and Polish claims by declaring both Fiume and Danzig free ports.

Previously it had been planned to award Danzig to Poland with a corridor connecting that city with the Posen district and give Fiume to Italy in return for abandonment of Italy's claim to Dalmatia. No definite decision has been reached in this regard but it is understood that an effort is being made to effect a settlement along these lines.

President Wilson was suffering from a severe cold today, necessitating his temporary absence from all conferences.

The Big Four met in the "White House," Col. House representing the president. King Albert of Belgium who conferred yesterday with President Wilson, Premier Clemenceau and President Poincaré, was invited to the meeting.

Premier Lemme's "informal peace" proposal to the allies is virtually an ultimatum, it was learned from an authoritative source today.

The Russian Bolshevik leader is known to have suggested a time limit for acceptance of the offer beyond which he would not undertake to abstain from consideration of Chancellor Scheideman's proposal as conveyed to Foreign Minister Trotsky.

### CHURCH TO BE DEDICATED

The Ben Davis Creek church will be dedicated Sunday April 13 with an all day service in charge of the Rev. Mr. Cobble. A special program has been arranged and dinner will be served in the basement at the noon-hour. Invitations are extended to the public to attend this dedication, especially to the congregations of adjoining churches, and anyone who attends will be welcomed.

### WOMAN BURNED TO DEATH

Edinburg, Ind., April 4.—Mrs. Roy Haymaker, 18 years old, was burned to death here when her dress caught fire after she had poured kerosene on kindling in a stove. She was the daughter of Mr. and Mrs. Samuel Craig. Besides her parents and husband, an infant daughter survives.

### PRESIDENT IS ILL

Washington, April 4.—President Wilson, taken ill with a severe cold last night, was confined to his bed today. Admiral Grayson, his physician called the White House this morning. Grayson added that there was no need of worry.

## PHILIPPINES ASK FOR INDEPENDENCE

Base Appeal on Fact That They Stood With United States in Fight For Liberty

### MISSION MEETS SECY. BAKER

Pres. Quezon Says Granting it Will Prove Country Liberating, Not Conquering Nation

(By United Press.)

Washington, April 4.—An appeal for independence was laid before the United States government today by the Philippines. A commission consisting of forty prominent natives of the island, headed by Manuel Quezon, President of the Philippine senate, presented the appeal to Secretary Baker.

Declaring that the islands "stood by you in the fight for the rights and liberties of small nations," Quezon said that granting of independence to this country would prove to the world that America is a "liberating rather than a conquering nation."

The time for the Philippines' independence has substantially come, Secretary of War Baker told the Filipino mission. The day is very close at hand when it can be seen that the existing relationship has been merely "formal ties."

This, he added, is the view of the president as well. He read a letter from the president to the mission which expressed pride in the support of the Philippine people during the war.

The president's letter addressed to Secretary Baker and read by him, brought applause and expressions of approval.

Referring to the Philippine "national birthright to be free and independent," Quezon told Baker he submitted the "vital and urgent question of the Philippines' independence to you, and through you to the government of the United States in the confident hope that it shall merit justice, righteousness and final settlement."

Quezon told Secretary Baker that the commission reported on Philippine life and that all would testify that "independence is the great national ideal of the Philippine people. He presented a document from the Philippine legislature asking the mission to place the matter squarely before the United States government.

"We believe that this is the proper time to present the question," Quezon said, "looking to a favorable and decisive action, because of the declared and uniform policy of America to withdraw her sovereignty over the Philippine Islands and to recognize our independence as soon as a stable government can be established. That there is now a stable government in the Philippines managed and supported by the people themselves and that it can and will be maintained under an independent Philippine government, is the testimony of all our official representatives which Gov. Gen. Harrison and acting Gov. Gen. Yeater will bear out."

+++++  
Glenwood Constable Fined.  
O. Z. Williams was fined \$1 and costs yesterday in mayor's court when he pleaded guilty to operating a machine without the proper license. Mr. Williams was returning from Florida where he had spent the winter and his machine had a Florida 1918 license plate on it. He said that he thought he should not be arrested because he was a constable in Glenwood. The fine was paid, however.

## BATTLING IN STUTTGART

Spartacans and Government Troops Fight in the Streets

(By United Press.)

Berlin, April 4.—Fierce street battles are raging in Stuttgart between the Spartacans and government troops, according to advices received here late today. The casualties are said to be heavy. The Spartacans are reported to have captured the principal hand grenade depot in Stuttgart. Numerous small bands of the radicals have been cut off from the main body and captured.

The government has again restored order in the Ruhr district by rushing 60,000 troops into that region. The general strike continues to spread and has extended to three large German cities.

## APPOINTED CAPTAIN IN THE RESERVE CORPS

Allan H. Blackledge Receives Promotion of Recommendation Before Armistice.

### SERVED AS 1ST LIEUTENANT.

Allan H. Blackledge has received notice of his appointment as a captain of artillery in the army reserve corps, for a period of five years, effective March 26, 1918. The appointment is a promotion for Mr. Blackledge because he served during the war as a first lieutenant, but the promotion came because of the fact that he had been recommended for a captaincy before the armistice was signed. Under no circumstances do commissioned officers receive a rank in the reserve corps higher than that they held before November 11, 1918, except as in the case of Mr. Blackledge.

All appointments to the reserve corps are being limited to discharged officers and training school graduates, with the exception of a comparatively small number specially fitted for certain things. There is no certainty when or how often reserve corps officers will be called out for training because the war department has not yet determined these plans.

Mr. Blackledge was first commissioned first lieutenant in old Co. B when it was organized here, and then became first lieutenant of Battery A, 139th Field Artillery, when the Fourth Indiana infantry was converted into an artillery regiment.

## KEEPING A GAMING HOUSE IS CHARGED

Martin Clevenger Also Accused of Inducing a Minor to Play Craps, in Grand Jury Indictment

### ARRESTED AND OUT ON BOND

Martin Clevenger was arrested yesterday afternoon and arraigned before Judge Sparks in the circuit court on two grand jury indictments which accuse him of keeping a gaming house and with inducing a minor to gamble. Clevenger gave bond for \$100 in each case, but entered a plea.

It is charged in one indictment that Clevenger unlawfully kept a room and building in Rushville to be used for gambling and "did suffer and permit" Newlin Finney, Luther Butts and divers other persons whose names were unknown to the grand jury, to play craps for money and other things of value.

In the other indictment it is alleged that Clevenger on March 9, 1919 induced Newlin Finney, a minor, to engage in a game of dice called craps for money.

## DOGS COST COUNTY SUM OF \$2,856.80

Amount Paid Out to Satisfy Claims For Live Stock and Fowls Killed in One Year

### WARRANTS UNPAID \$2,435.20

All But Four Townships Show Balance, According to Reports of Trustees Made to Auditor

Dogs cost Rush county \$2,856.80 during the year ending March 1, not taking into consideration the unpaid claims for live stock and fowls killed, according to the reports of the township trustees made to the county auditor.

Outstanding warrants, according to the report, total \$2,435.20, so that on paper animals and fowls killed by dogs during the year were valued at \$5,292. Receipts from dog taxes during the year amounted to \$2,278.75 and counting the balance on hand in the township dog funds March 1, 1918, \$668.75, the total amounts to \$3,447.50.

The balance in the township funds after all claims were paid is shown to be \$587.70 and the deficit in the townships which had issued warrants with no funds to pay them, amounted to \$2,329. The law provides that the balances in townships funds shall be prorated among all the townships, which mean that each trustee this year receives eight cents on the dollar in the division of the balance. All townships had a balance with the exception of Center, Jackson, Noble and Richland. Some townships, Orange, Anderson and Rushville, had both a balance and a deficit, probably due to the fact that there was no claim small enough to be paid by the balance.

Under the law, each township trustee is allowed to keep all sums up to \$100, providing all claims are paid, and the remainder is paid over to the county to be prorated among the other townships. Thus the balances on hand March 1, 1919 show that five township last year paid all of their claim and still had \$100 in their funds. The showing of each township was as follows:

**Ripley**  
Balance Mar. 1, 1919, \$39.50; receipts, \$198; total receipts, \$237.50; expenditures during year, \$221.50; balance, \$16.

**Posey**  
Balance, \$100; receipts, \$168; total receipts, \$268; expenditures, \$30; balance, \$238; amount paid Co. treasury, \$138.

**Walker**  
Balance, \$100; receipts, \$114; total receipts, \$214; expenditures, \$210; balance, \$4.

**Orange**  
Balance, \$100; receipts, \$210; total receipts, \$310; expenditures, \$308; balance, \$2; deficit, \$193; amount out in warrants, \$195; amount paid treasury, \$15.92.

**Anderson**  
Balance, \$50; receipts, \$314.65; total receipts, \$315.15; expenditures, \$215; balance, \$100.15; deficit, \$149.85; amount out in warrants, \$250; amount paid treasury, \$12.35.

**Rushville**  
Balance, \$23.75; receipts, \$584.80; total receipts, \$608.55; expenditures, \$604.50; balance, \$4.05; deficit, \$536.95; amount out in warrants, \$541; amount paid treasury, \$44.26.

**Jackson**  
Balance, \$34.60; receipts, \$91; total receipts, \$125.60; expenditures \$125.60; deficit, \$432.40; amount out in warrants, \$432.40; amount paid treasury, \$35.65.

**Center**  
Balance, \$46.40; receipts, \$156; total receipts, \$202.40; deficit, \$522.60; amount in warrants, \$522.60; amount out in warrants, Continued on Page Three

GIVES \$5,000 TO  
WORK OVERSEAS

Continued from Page One  
than the idea that the responsibilities ended with the armistice. The war time program has not been finished. It would be a calamity if the work should now lose its effectiveness through lack of support.

The questions of how to meet the demands made, and to supply the quotas of clothing and knitted articles apportioned to the Rush coun-

ty chapter, were discussed at a meeting of the executive committee of the Red Cross held at the headquarters last night.

Reports made by the ladies in charge of the various departments in the Red Cross work room show that there has been little activity in some branches of the work except on the part of the persons in charge. Appeals for workers in the sewing room have met with indifferent response, and it has been necessary

recently to make almost a house-to-house canvass in order to avoid an abandonment of the work. The same is true in the knitting department, reports indicating that the many knitters who were persistently active during the war now regard the work in that branch as finished and decline to take any yarn, of which there is a plentiful supply at headquarters.

The demand for refugee garments and for knitted article is still positive and insistent, and the local chapter is expected to supply its quota. This cannot be done without the co-operation and generous assistance of the patriotic women of Rushville and Rush county.

A quota of 1150 refugee garments was recently apportioned to the local chapter, to be finished by the first of May. Two hundred and fifty of these garments are yet to be finished, and unless there is increased activity on the part of the ladies in the county, the chapter will not be able to complete the quota on time.

Another necessity for immediate response of helpers in the work room of the Red Cross is the fact that the present headquarters in the court house are to be given up the first of May and it is necessary to complete the present quotas before the change is made.

Goods and sample garments can be taken from the headquarters to the homes of persons who will assist in the work, thereby obviating the necessity of ladies leaving their homes to assist in the work. The same is true in the knitting department, supplies of yarn being available for anyone who wishes to assist in that branch.

If 250 ladies in the county will make one garment each for the Red Cross within the next month, the local chapter will be able to meet the demand and supply its quota.

The ladies in charge of the headquarters, including the secretary, Mrs. Marian Jones, and Mrs. Phil Wilk, Mrs. Willard Amos, Mrs. T. M. Green and Miss Sue Gregg, will be glad to furnish any desired information or assist ladies willing to aid in the urgent work of the organization.

The demand is great, the work a necessity, and the appeal is to patriotism.

## REVOLUTION IN ESSEN.

Zurich, April 4.—A revolution has broken out in the Essen district, according to advices received here today. Further disorders are reported in the Westphalia district.

Great Sacrifice of  
France For America

France has put 6 million of her 36 million population into the trenches and has poured out her life blood for America and democracy. In addition we owe her a large debt of gratitude for a perfect remedy for stomach, liver and intestinal ailments which her peasants discovered and successfully used. The ingredients are now imported and sold by Geo. H. Mayr, leading Chicago chemist, under the name of Mayr's Wonderful Remedy. Marvelous results are said to have been achieved by it here. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists Everywhere.—(Adv.)

## Amusements

Marguerite Clark at Princess

There are few men in public life who are better known than Herbert Hoover, Food Administrator who is now in Europe in charge of the distribution of food to the starving neutral and suffering belligerent nations. Mr. Hoover's office in Washington may be seen in Marguerite Clark's new photoplay, "Little Miss Hoover," which is being shown at the Princess theatre tonight.

The set used in "Little Miss Hoover," is a replica of Mr. Hoover's office where Miss Clark discussed the purposes of food conservation with the celebrated administrator. On the walls are the national colors, a map of the United States and a picture of President Woodrow Wilson.

The story deals with the fortunes of Nancy Craddock, a beautiful society girl of Washington who is an enthusiastic food conservationist after she has heard a speech by President Wilson. She becomes a farmerette, and after adopting the slogan, "eggs will win the war," she goes on a farm to raise chickens, and incidentally to improve the prospects of her impoverished family. She meets a gentleman farmer who is employed on her farm and an interesting love story develops. How she gets rid of one suitor and accepts another in dramatic circumstances, are charming developments which add attractiveness to a delightful story.

Tomorrow Alice Joyce in "The Captain's Captain" will be shown.

## Thrills at the Mystic

A woman falls from a ten story window in full view of the audience in the latest Universal Special Attraction, "Vanity Pool," with Mary MacLaren in the leading role. This thrilling stunt is performed by Marin Sais, one of the six motion picture stars used in this production, which will be shown at the Mystic theatre tonight.

In this remarkable feature, which was adapted from the story of Nabro Bartley and produced under the direction of Ida May Park, the role of Mary Royal, a girl of the tenements, is interpreted with rare feeling by Mary MacLaren, the American beauty of the screen. The story deals with political intrigue and the trustfulness of a little unsophisticated girl. It is in six reels and represents the best in the art of screen photography.

A story with speedy action, a high light contrast between the home of the tenement girl and the luxurious mansions of the wealthy, elaborate stage settings and beautiful gowns, and thrilling climaxes make this offering one of the most entertaining ever produced.

## When Is a Battery Abused?

Anybody who understands batteries will tell you that there are five things that must be avoided if your battery is to serve you long and well.

- 1—Solution low, so that water line shows on plates.
- 2—Battery overheated or overworked.
- 3—Battery charged in reverse.
- 4—Battery flushed with acid.
- 5—Foreign substance added.

Any of these are positive abuses, and will injure your battery permanently.

**Stop Coughing!**  
The simplest and best way to stop coughing is to take  
**FOLEY'S HONEY-TAR**  
In it, you get the curative influence of the pine tar and other healing ingredients, together with the mollifying laxative effect of the honey. It puts a soothing coating on the inflamed tickling throat, allays bronchial irritation, rancid phlegm easily, stops hard wearing coughs and nervous hacking.  
W. S. Bailey, Lancaster, Ky., writes:—"My wife contracted a severe cold, which developed into a bronchial trouble, and she coughed almost continually. One-half bottle of Foley's Honey and Tar stopped her cough and she rested much better at night. She continued its use until it effected a cure."

### "CAPTAIN'S CAPTAIN"

BEN TURPIN in a Laugh Every Second  
**CUPID'S DAY OFF**

Scene from "CUPID'S DAY OFF"

### Days Pickings

Mrs. William Trennepohl of East Ninth street is reported as improved after an illness of a few days duration.

Clarence Brown and Lee Hume of Milroy motored here this morning and attended the funeral of Mrs. George Hume.

Peter Johnson of East Eleventh street, who has been confined to his bed for nine weeks, is reported to show little improvement.

A baby boy weighing eight pounds was born to the wife of Fred Boxley at their home in North Morgan street yesterday evening. The baby has been named Clement Caswell.

The congregational meeting at the First Presbyterian church has been postponed until Monday night, April 7 at 7.30. Refreshments will be served at the close of the meeting.

### TELLS OF INFLUENZA REMEDY

Inez Burns, Washington, D. C., "Working in Washington. Contrived Spanish Influenza. Started taking Hull's Superlative. Overcame the disease quickly. Am feeling fine."

Your druggist has Hull's Superlative.—(Adv.)

ing. The meeting was postponed on account of the death of Mrs. A. G. Reeve.

The funeral services of Thomas Perkins of North Pearl street were held this afternoon at 2 o'clock at the Methodist Episcopal church and interment was made in the East Hill cemetery.

Mrs. Charles Combs of Glenwood underwent a serious operation at the Memorial hospital in Connersville yesterday. Mrs. Harry Wyatt of this city, a sister of Mrs. Combs, was called to the bedside this morning.

Mr. and Mrs. Lon Kennedy have sold their property at 1209 North Perkins street to John A. Logan of Union township, who will move here for residence, and have purchased a lot in North Main street of Dr. Will C. Smith.

The funeral services of Mrs. George Humes were held at 10 o'clock this morning at the home of her niece, Mrs. L. M. Clark in North Main street and burial was made in East Hill cemetery. The Rev. L. E. Brown of the Main Street Christian church had charge of the services.

The funeral services of Mrs. A. G. Reeve, who died at Montclair, New Jersey, of pneumonia, will be held at the late residence in North Harrison street at 3.30 o'clock tomorrow afternoon, conducted by the Rev. L. E. Brown of the Main Street Christian church and the Rev. D. Ira Lambert of the First Presbyterian church. The body is expected to arrive here at 4.40 this afternoon and a sister of the deceased, Mrs. Martinus Ravenstein of San Diego, Cal., will arrive tonight at 7.20 o'clock.

## Don't let Worms Kill Your Hogs

90 per cent of hog diseases are due to worms. Indigestion, constipation and fever which follows such condition. This can all be prevented for six cents per month each by feeding

## ACME WORM BOUNCER

The guaranteed worm expeller, conditioner and tonic, so manufactured—the proportions being just right—it is fed in self feeders furnished free, and the hogs and sheep feed themselves, eat as the system requires. The weak, unthrifty pigs get their share, eat what they need, which is not possible otherwise; 40 hogs eat one pound per day, 150 pounds feeds fifty hogs four months at six cents per pound each. We guarantee this. It is worth more than six cents per month to you to expel the free intestinal worms, prevent worms, indigestion, constipation and 90 per cent of hog diseases.

**Bring Them Home.**

The appeal will be made within a few days to all American citizens to make this last great war loan an overwhelming success. The duty rests on all, or rather we should say that an invitation is extended to all to take part in this great pleasure in aiding Uncle Sam in a time of need. The securities are free from taxation, and the interest is very attractive. There is no better borrower in the world than the United States government. The money is to be used for purposes growing out of the war which ended in a great victory, largely due to the part that American troops played in it. The former loans were heartily endorsed in order to send our boys across to fight for the right. Today we see many faded service flags still in the window and in many homes we find a mother who has stood all the former tests, but the waiting is having a more telling effect on her than dur-

ing the time the boy was actually engaged in combat. It is our duty to bring him back to the place dearest in his heart, from which he was taken—home.

The money invested may perhaps be considered as a thank offering—though it is not much of an 'offering' since it will draw interest. But the question before Americans now is continuing to give the government that support that was so splendidly extended during the war.

Thinking of the smashed Hindenburg line, Chateau Thierry and the Argonne Woods, of the great sacrifice made and the wonderful courage of our soldiers, it ought not be difficult for any American to make up his mind as to his duty. If it had not been for them there would have been no victory but there would have been many more loans. If we had lost we would be stripped of every cent in the United States and we would now be suffering all the punishments that the thin headed Hohenzollern family could think of. We dare not think of failure except as an absolute impossibility. Get ready to do your part.

**A Triumph of Consistency**

Amid the discussion of war indemnities the voice of the German apologists uplifted.

We are told that the ghastly catalogue of Germany's crimes was the fault of the Kaiser and his immediate entourage. Had the bulk of the German people been given a voice they would have forbidden the whole program of atrocity.

Two years ago the same apologist was informing us that this was not a war of democracy against despotism, because the German form of government was as representative as that of any republic. It was, to quote one of the most loquacious of Germany's defenders, "a magnificent experiment in applied socialism".

Now is the time for some artist in

**Sap and Salt**

By BERT MOSES

Knocking an enemy often serves only to boost him.

People who do things through fear never do them right.

A committee is an arrangement to see that the thing is delayed.

All fashions come back. For new styles we reach out into the dusty past.

The greatest crime in the world is war, and yet sometimes it is its greatest blessing.

If you have never made a serious mistake, the chances are you have never done anything worth while.

Hez Heck says: "Water is a good thing to put in the radiator, but a dam bad thing to put in the gas tank."

word-jugglery to reconcile these two pronouncements.

Our boys have brought home from abroad some weird and sinuous French dances, such as the "frog dance", the "trench crawl", the "wounded wildcat", and other of that ilk. And they dance them—when the police allow it.

Will wonders never cease? It is reported that the warring Irish factions are striving to an agreement.

Perhaps the senate thought they were inappropriate appropriation bills, and that is why they passed them up.

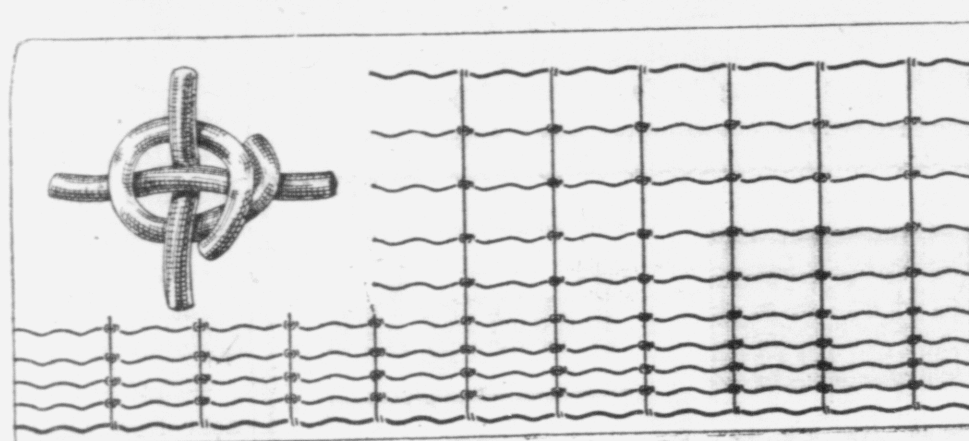

Birds generally have it all over the rest of us. They build their own homes, are not subject to union labor, and the price of their materials never goes up.

First-class singers rarely die of consumption or any lung disease.

**GLEE CLUB GIVES PROGRAM**  
Connersville High School Musical Organization at Orange

The Connersville glee club gave a very entertaining program last evening at the Orange high school auditorium. The program opened by singing "America," which was followed by three other selections by the glee club. Miss Marian Smith rendered a piano solo, after which the club sang "Who Knows." Miss Norvella Davis gave two readings, "Back in Squashville," and "Smith Perkin's Toboggan Slide," which were loudly applauded by the audience. The program closed by the glee club singing "Swing Along."

**BOLSHEVIK MOVE FAILS**

Paris, April 4.—A correspondent of *Matin* wired today that extremists socialists in Varna, an important Bulgarian port, attempted a Bolshevik movement. The town, he said, was immediately occupied by British troops who declared a martial law.

## FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

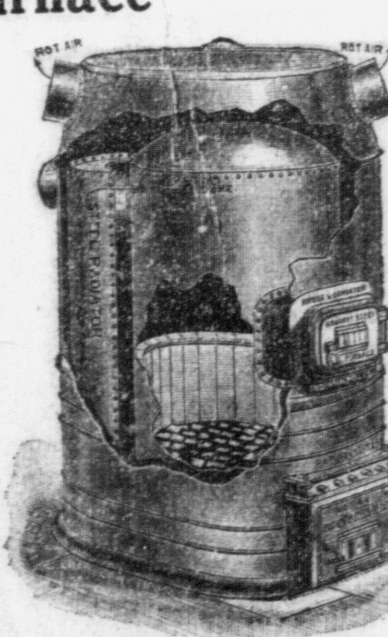

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of **SENRECO TOOTH PASTE** for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about **SENRECO**. It's a most delightful and refreshing tooth paste.

## The Monarch Kruse and Dewenter Annealed Steel Warm Air Furnace

The accompanying cut represents our "MONARCH & PORTABLE FURNACE. This furnace is designed as a strictly first class furnace in every respect and as a portable furnace is superior to any of its kind. It is readily seen from the engraving that the furnace has a very large radiating surface. The radiator is made upon an entirely new plan having reversible flues, the smoke and heat passing through two openings each side and down to the base of the radiator and then back again to the top before entering the smoke flue, thereby preventing a loss of heat. The furnace is constructed throughout of annealed steel plates and is absolutely gas-tight in every part. The fire box is lined with fire clay tile lining. It burns anthracite and soft coal, coke, wood and natural gas. In use over 35 years. Sold and installed by

## Walter Perkins

with 22 years of practical experience in warm air heating. Why take a chance on a furnace with a cast iron fire pot installed by some one who knows little or nothing of warm air heating when you can get the best at a less price than you are asked for a cast iron furnace.

PHONE 1977. Shop near J. P. Frazee Lumber Yard.

# BUILD IT NOW

## The Greatest Farm Help IS THE HOME

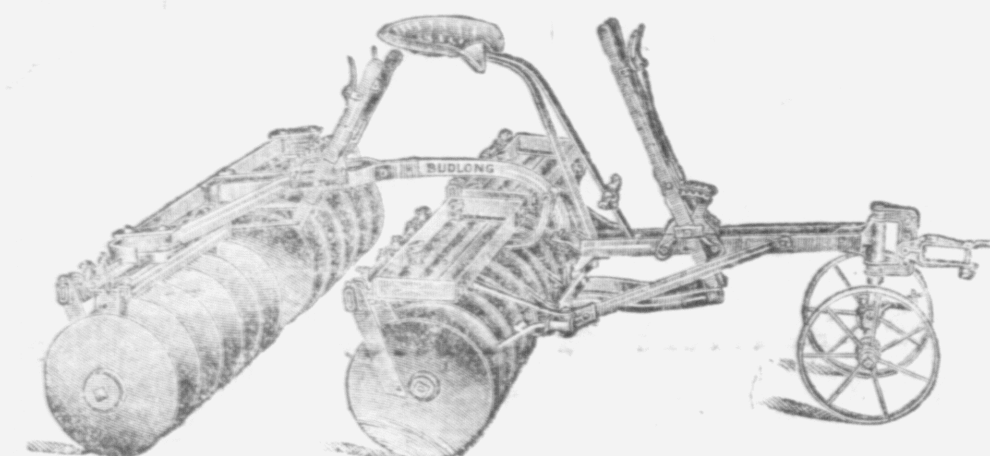

Your entire farm life centers about the home. Build a new one if you can but, if you can't, at least rebuild the old one. This is the month when you should go over all your buildings and see just what's needed to keep your farm at its maximum productiveness this year.

For quick, easy and economical farm building you're always ahead if you use lumber. Our stock includes all kinds from shingles to flooring and also Beaver Board—the knotless and crackless manufactured lumber for better walls and ceilings.

Drop in and chat it over with us so you can get the work well started before planting time is here.

Pinnell & Tompkins Lbr. Co.

# Janesville Tandem Disk Harrow

THE Budlong Harrow is the only harrow we know of in which the bearings do not cramp while the machine is working. This freedom in the bearings means light draft and flexibility in the whole harrow. This allows the Budlong to make use, in a natural way, of all of its penetrating qualities to thoroughly pulverize the soil under the most trying conditions.

The rear harrow is built like a bridge and no manner of hard work will ever force this harrow to buckle in the middle.

## Its Backbone Is as Rigid as a Concrete Arch

The trailer steadily holds its place back of the Budlong, whether used on side hills or on the level, on account of the way it is attached to the front harrow.

The same material used in all Janesville machines is found in the Janesville Tandem. Made in sizes from four to ten feet with sixteen-inch blades.

We looked them all over and felt our trade and local conditions would be best served by this Janesville model. Compare notes with us before you buy.

**C. H. (Nick) TOMPKINS**

## With The Churches

—United Presbyterian church of Glenwood—Sabbath school at 1:30 and preaching services at 2:15 o'clock.

—Franklin Methodist: Minute Man C. C. Cotton 2:30 p. m., to be followed by a sermon by the pastor. The public is earnestly invited to all of these services.

—United Brethren church in the court house:—Sunday school at 9:30 a. m., Earl Crider superintendent; preaching services at 10:30 a. m. and 7:30 p. m. by the pastor Emma Miller. Everyone welcome to attend these services.

—First United Presbyterian Church: Bible school at 9:30 a. m., B. L. Trabue superintendent; public worship at 10:45; sermon subject, "Paul's Three Years at Ephesus"; J. P. C. U. at 7 p. m.; preaching at 8 p. m., topic "Books and Parchments"; congregational prayer meeting Thursday evening at 7:30 o'clock.

## XXth CENTURY CLEANERS & PRESSERS

meeting led by the pastor Thursday evening at 8 o'clock. All are cordially invited to all these services.

—The Bible school of the Main Street Christian church meets at 9:15. At 10:30 the pastor will deliver the first of a series of sermons on "In the Path of Our Pioneers—Thomas Campbell Founder of the Movement." At 8 he will speak on "How I May Know that I am a Christian." The Juniors will meet at 2:30 and Christian Endeavor at 7. Mid-week service Thursday 7:30 led by Mrs. G. P. McCarty. Orchestra and chorus choir at the evening service.

—First Baptist church Sunday services: Sunday school, 9:30 a. m., public worship, 10:45 a. m. and 8 o'clock p. m. Subject for the morning sermon, "Our Covenant Relation," theme for the evening hour, "The Triangular Way." The Lord's Supper will be observed at the morning hour and it hoped all the member of the church will be present. Baptist Young People union will meet at 7 o'clock. The mid-week prayer service will be held on Thursday evening. A cordial welcome is extended to the public to attend these services.

—Arlington Methodist: Bible school, 9:30 a. m.; Minute Man, Fred McFartridge, 10:30, to be followed by a sermon by the Rev. James L. Brown, and holy communion; Junior League 2:00 p. m.; Senior League 6:30; Minute Man C. H. Stirling, 7:30; sermon by the pastor. Monday evening, stereopticon lecture by the Rev. W. M. Nelson; (Admission free); Thursday afternoon and evening, district E. L. conference, the Rev. J. W. Eller, of Waldron presiding. During the pastor's weekday absence the Rev. J. L. Brown will look after any extra duties.

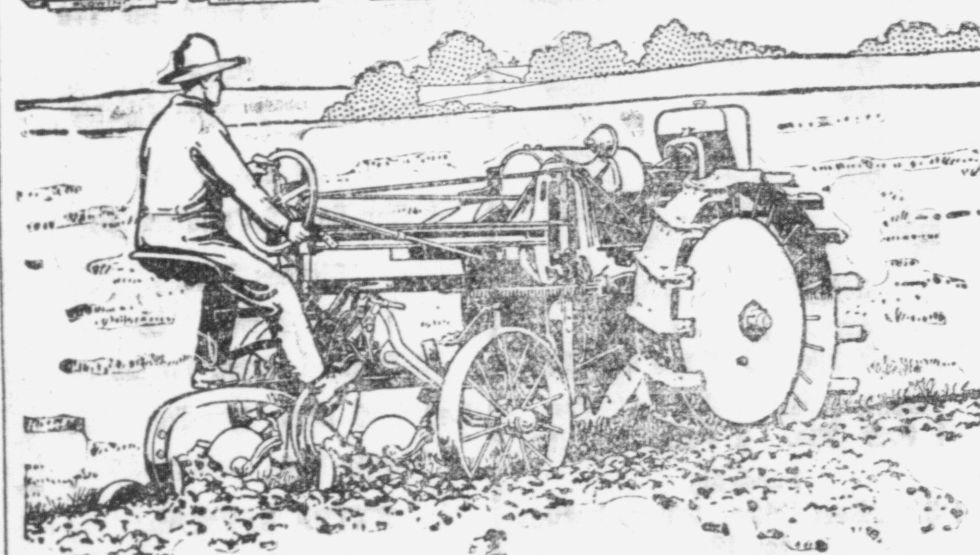

## CONCERT AT ARLINGTON

The DeWillo Concert Company will close the Arlington lecture course when they appear at the Arlington M. E. church Monday evening, April 7. This recital promises to be one of the best on the program the organization being one of the most unique collection of artists engaged, in concert work and the wide variety of their entertainment is unusual and appealing.

## WOMAN HANGS HERSELF

Columbia City, Ind., April 4.—Mrs. Abbie Talley, 70 years old, a widow, committed suicide yesterday by hanging herself with strips of bedding in the barn of her brother, Frank Allgire, near South Whitley. Several children survive. She had been ill.

WE ARE READY—to give you service in the Bowen room, North of Farmer's Bank. Daniels Barber Shop.

## MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

With two 14-inch bottoms, under average plowing conditions, the new Moline Universal Tractor, Model D, plows 9 acres in 10 hours, as much as ordinary 3-plow machine. The superior efficiency of the Moline Universal is due to its higher speed, 3 1/2 miles an hour, two bottoms at 3 1/2 miles giving the same number of plow-miles as three bottoms at 2 1/4 miles.

Plowing at 3 1/2 miles an hour gives ideal results, the ground being pulverized more thoroughly than at slower speeds, with less air space. Tough sod that cannot be turned at all at 2 1/4 miles an hour is plowed with ease.

Perfect work is assured with the Moline Universal through the advantageous position of the operator, who sits on the implement, where he must sit in order to do good work. The Moline Universal is easily handled, turns short, and backs as readily as it goes forward.

Waste of time in the field is eliminated and the tractor kept at productive work a maximum number of hours a day through a complete electric starting and lighting system. The Moline Universal is the only tractor thus regularly equipped.

The secret of the speed and power of the Moline Universal lies in its perfected overhead-valve engine and two-wheel construction. The engine develops 18 horsepower at the belt, and 9 at the drawbar, every ounce of which is available for pull. There are no dead wheels to drag along that only carry weight and steer.

For plowing in extremely soft ground, the Moline Universal is equipped with a differential lock that enables the two drive wheels to be locked together, doubling their pulling power.

When plowing the land wheel is raised so that the tractor is level. The wheel is very easily and quickly raised or lowered.

The light weight of the Moline Universal, 3380 pounds, and its high clearance, 29 1/2 inches, make it adapted for all other field work, besides plowing. With it one man can plant 40 acres a day, cultivate 20 acres a day, harvest 25 acres a day, or do any other work with equal speed. It is the ideal tractor for any sized farm, practically eliminating horses and solving the farm help problem.

Call and let us show you this remarkable machine.

**Sloan's Liniment**  
Kills Pain  
30c, 60c, \$1.20

**Fresh Oysters & Fish**  
BEST LUNCH AND MEALS  
**Madden's Restaurant**  
103 West First Street

Mrs. Susan Tingley will celebrate her ninety-fifth birthday anniversary Monday, April 7. Mrs. Tingley is enjoying good health and is very active for a person of that age.

Mrs. Fred Caldwell was hostess yesterday afternoon for the Social Dozen at her home in North Morgan street. The guests enjoyed the afternoon over their needlework and socially. A light luncheon was served late in the afternoon.

The Lurline Council held their regular meeting last evening at the Red Men's hall. After degree work, a business session was held, at which time many important business matters were discussed. A two course luncheon was served.

Mrs. Wilbur Stiers entertained the Thursday Afternoon Card club yesterday afternoon at her home in North Perkins street. The guests enjoyed the afternoon playing

Bridge and at the close of the playing the hostess served a dainty luncheon.

Mrs. Russell Ruff entertained the ladies of the C. W. B. M. of the Christian church of Glenwood on Thursday afternoon. There was a large attendance of members and several guests. At the conclusion of the splendid program the hostess served a dainty luncheon.

Mr. and Mrs. Frank Reynolds of North Morgan street will entertain tomorrow evening with a dinner party in honor of Senator and Mrs. James E. Watson. The senator and Mrs. Watson will also be guests of honor at a pitch-in dinner at the home of Mr. and Mrs. E. B. Thomas Sunday.

The Epworth League cabinet of the Pleasant Ridge M. E. church met last evening at the home of Miss Marie Kramme southwest of the city. At this time many business matters were discussed and a program planned for celebrating the fourth anniversary of the League next Tuesday evening at the church.

An Epworth League social will be given in the parlors of the Methodist church on Monday evening of next week. The meeting will be in honor of the new members who went into the League during the recent Win-My-Chum campaign and all young people interested are invited and urged to be present. The social will begin at 7:30 o'clock.

One of the leading events of the year for the Methodist church will be the banquet given this evening at 7 o'clock at the church. A number of men are expected and the banquet which will be served by the women of the church, will be followed by a short program of Centenary talks. All men of the church and congregation are invited to attend.

The C. W. B. M. of the Christian church of Orange was entertained yesterday afternoon at the home of Mrs. Mary Phillips, the occasion being guest day. The afternoon was devoted to the regular program and business meeting. Four new members were taken in, Mrs. Edith Norris, Mrs. Hester Sipe, Mrs. J. E. Ryan and Mrs. Walter Mingle. Refreshments of ice cream, waters and coffee were served.

The Christian Woman's Missionary society met yesterday afternoon

## BUY YOUR RUGS NOW AT REDUCED PRICES

The prices we are quoting for the next ten days are sensational in the extreme. Your memory must go back to two or three seasons ago to recall equal values. Rug shipments have been following each other in rapid succession during the last few days — representing large factory purchases made months ago at decidedly advantageous prices. We have without doubt the best assortment of high grade Rugs in Rushville, offering the most unusual opportunity for selection. Beautiful patterns and wonderful color effects are here in abundance.

Were we to order these rugs from the mills now our cost would be more than the selling price to you.

## Spring Time Frocks In Later Models

New expressions of fashion's modes for Spring and Easter wear are found in our Suits, Coats and Capes. These garments answer the demand for individuality and reveal the newest fashion trend.

Mr. Hugh Mauzy is spending the week in the market to insure our patrons the very latest and smartest models for Easter.

New models are constantly arriving, and they are the cleverest and most stylish that the market is producing. They give expression to the very best of the new modes. These models comprise suits, capes and coats.

Women are asking for smart tailor-mades—a suit they can don with that confidence that they are well dressed for all occasions.

**Mauzy's Suits and Coats Meet Every Demand**

Let us show you our attractive tailor-mades—they are tailored from the finest fabrics—that is the reason they hold their shape and style throughout the season.

**The MAUZY Company**

in the parlors of the Main Street Christian church at 2:15 o'clock. The program was as follows: Bible study: "The Book of Galatians," Mrs. Eli Jones; "Enlarging Opportunities for Oriental Women," Mrs. L. C. Lambert; Music by Miss Edith Brown; Missionary Facts, by Mrs. Ezra Hinkle. The next meeting will be Thursday afternoon, May 1 in the parlors of the church.

Mr. and Mrs. James V. Young gave a prettily appointed dinner party last evening at their home in East Seventh street, for a number of their friends. The centerpiece for the table was a large bouquet of jonquils and covers were laid for Mr. and Mrs. Will Amos, Mr. and Mrs. Harry McMillin, Mr. and Mrs. Kennard Allen, Mr. and Mrs. Frank Reynolds, Mr. and Mrs. Albert Winship, Dr. and Mrs. John M. Lee, and Mr. and Mrs. Wilbur Stiers.

The Woman's Missionary Society of the Little Flatrock Christian church held their regular monthly meeting yesterday afternoon in the parlors of the church at 2 o'clock. The program which was somewhat different from the former programs, was led by Mrs. Alta Smith. The devotion was conducted by Miss Anna Kirkpatrick. The messages from the fields was as follows: Jamaica, Marie Holden; India, Anna Heaton; Mexico, Grace Armstrong; Porto Rico, Molly Goddard; Canada, Lavonne Morris; South America, Alta Smith; Africa, Nellie Meyers. The Home Vase, by Mamie Stevens. The music for the afternoon was furnished by Mamie Stevens and Anna Heaton and Lawrence Smith.

The word Czechs should be pronounced as though it were spelled "tshayk."

**AFTER INFLUENZA—  
WINTER COLDS—  
BAD BLOOD**

You are pale, thin, weak—with little vitality. Your liver is sluggish and the bad blood causes your stomach muscles to lose their elasticity and become flabby and weak—then indigestion.

Doctor Pierce's Golden Medical Discovery, made from wild roots and barks, and free from alcohol or narcotics, is the great and powerful blood purifier of to-day. Ingredients printed on wrapper. This tonic, in liquid or tablet form, is just what you need to give you vim, vigor and vitality.

Take it as directed and it will search out impure and poisonous matter throughout the system and eliminate it through the natural channels.

You can procure a trial package by sending 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Stevens Point, Wis.—"Ever since I can remember, when I was a child at home, Dr. Pierce's medicines have been our family medicine. About two years ago I was very much run-down. I suffered loss of appetite, my blood was bad and I had no ambition to do anything; I was miserable. I got so bad I had to take to my bed. I started taking Dr. Pierce's Golden Medical Discovery. I soon began to feel better and three bottles of this medicine was all I had to use to put me in fine condition. I had a good appetite, my strength came back, and I once more felt that life was worth living. There is no better medicine—I do heartily recommend it. I shall be glad to answer any communications in regard to this medicine if stamped envelope is enclosed."—Mrs. A. W. Hawley, Route 3.

**County News**

**Clarksburg**

The Young Ladies Sunday school class held a social at the home of Miss Mildred Kincaid Friday night.

The last number of the Lyceum course was given at the school auditorium Thursday night. A large crowd was present.

Mr. and Mrs. Everett Hester will go to housekeeping on the J. W. Northam farm soon.

Many from Sumner attended the quarterly meeting held at Carthage last Saturday and Sunday.

**ROAD TO BE NAMED  
HONOR OF PERSHING**

"Pershing Highway," a National Road, is Being Organized by Lincoln Commercial Club

**INCLUDES HISTORIC POINTS**

(By United Press.)

Lincoln, Neb., April 4—"Pershing Highway," a national road in honor of General J. J. Pershing, is being organized by the Lincoln Commercial club. Present plans contemplate having the road start at New York, touching Princeton, N. J., Philadelphia, Baltimore, Washington and Indianapolis enroute west. This would include many historic points connected with the civil war and would take in Springfield, Ill.,

Lincoln's birthplace.

A permanent organization of the project has been completed here with Governor S. R. McKelvie, Nebraska, as honorary chairman, and Chancellor Samuel Avery, of the University of Nebraska, temporary president. Governor McKelvie has announced his intention of inviting governors of the various States through which the highway will

pass to send representatives to Lincoln in the near future to effect a national organization.

As planned, the trans-continental road will touch the State capitals of California, Nevada, Utah, Wyoming, Nebraska, Illinois, Indiana and Ohio. The Pershing route would follow the Lincoln Highway in part, branching off at points to include scenes of the general's life.

**Run-Down People  
Vinol is What You Need**

Weak, run-down nervous men and women need Vinol because it contains the most famous reconstructive tonics in an agreeable and easily digested form:—Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates.

We guarantee there is no tonic equal to Vinol.

**HERE IS PROOF**

**Detroit, Mich.**  
"I got into a weak, run-down condition, no appetite, tired all the time and headaches—but had to keep around and do my housework. I read about Vinol and tried it—within two weeks I commenced to improve, and now have a splendid appetite and feel stronger and better in every way."  
Mrs. John F. Watson.  
For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

# After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons  
Out of the Digestive Tract

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor; they are weak, and they are waiting for their strength to come back. If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on. Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

"I am an old soldier, past seventy-seven years. I had the Spanish influenza and it left my stomach in an awful shape. I tried three different doctors but got no relief. As a last resort I sent and got a box of EATONIC and to my greatest surprise the very first tablet I took helped me. I can now eat anything I want, and feel fine."

Yours faithfully,  
Fowler, Indiana  
Dec. 4, 1918  
C. S. Martin

P. S.: If you can make any use of this letter for suffering humanity, you are at liberty to do so. C. S. M.

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu," fever or colds, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.

## TAKE EATONIC TODAY

FOR YOUR ACID-STOMACH

NOTE—Over 20,000 drug stores throughout the United States sell and guarantee EATONIC. If you cannot obtain EATONIC quickly at your drug store, do not be without it. Write us and we will mail you a big box at once and you can send us the 50c after you get it. Address: EATONIC REMEDY CO., 104 South Wabash Avenue, Chicago, Ill.

## PLAN TO SUCK FOG OUT OF OLD LONDON

Engineers Propose to Wash Air  
of Greatest City in the  
World.

No more fogs for London? That is the great possibility of the near future. The projected method of abatement is a novel one, and is planned to consist of a system of conduits and sucking pipes through the metropolis of the world. This is a first announcement of the proposal which is engaging the attention of the British national physical laboratory at Teddington, a London suburb.

Fog is smoke-saturated mist. When the mist is dense little of the smoke escapes. The proposed antifog system would suck in the imprisoned smoke, draw it through the conduits to baffles, or air washers, which would extract the dirt and dissipate the fumes.

In reality this is a system of smoke controlling, under low atmospheric conditions, such as is individually practiced in large buildings and factories in America. As London has hundreds of thousands of buildings, each with from five to fifty fireplaces—a chimney for each fireplace—it will be seen how difficult it would be to "muzzle" every chimney.

London is reluctant to abolish its traditional fireplace in favor of the more economical and efficient hot water or furnace heating systems, so that the millions of chimneys will continue to spew their dirty breath into the air for years to come. The sucking and air-washing system is the simplest, most trustworthy fog eliminator under these conditions, it is believed.

London without its fantastic fogs will be a disappointment to many. The great water colorist Turner was passionately fond of them. So is Yoshio Markino, the celebrated Japanese artist, who lives by the years in London with his canvas and paints ready for fogs.

However, most people will rejoice, including English, Scotch, Belgians, Dutch, Danes and Scandinavians. Ibsen in "Brand" mentions the curse of London fogs descending on Norway.

## PREMIER LLOYD GEORGE AND HIS DAUGHTER

On one of his recent visits to France to attend a meeting of the peace conference Premier Lloyd George took his daughter, Mrs. Carey Evans, with him. They are here shown on the deck of H. M. S. Termagant.

There are plenty of garden seeds, but the supply of extra good ones is always small. Order early and get the best.

## PRESCRIBE EXERCISE FOR THE WOUNDED

"PLAY-THERAPY" IDEA IS BEING  
TRIED OUT IN CAMPS OF  
CENTRAL MILITARY  
DEPARTMENT.

Chicago.—"I prescribe an hour of volley ball for your stiff wrist this morning," is being heard now in a dozen of Uncle Sam's camps wherein wounded soldiers are convalescing. Or, it may be that the prescription is something like this: "Boy, your knee joints are pretty stiff and the hinges of your hips don't work right. Suppose you play arch ball for an hour today and tomorrow and then prolong the period of play a bit. This will do more for you than anything else."

Dr. H. F. Kallenberg, chief of Y. M. C. A. physical directors in the central military department, with headquarters in Chicago, is receiving word almost daily that the latest method of treating wounded men in government hospitals in such cases as demand exercise of joints, fingers, wrists, legs or arms, is doing wonders for the soldiers. They not only are throwing off their ailments but are taking on cheerfulness and a new interest in life, he declares. The treatment is "new" in that medical men examine each case and prescribe certain games to fit the needs of that case. No playing at games requiring exercise of muscles or joints is done save under the direct supervision of a medical officer, Doctor Kallenberg asserts.

### Helping Government.

"Physical directors of the Y. M. C. A. are helping the government in these matters at this time," explained Doctor Kallenberg. "I understand the application of our theory that the playing of certain games mend certain ailments is being demonstrated with success at various camps in the plain reconstruction of the physical man. We do not under-rate massage, hydrotherapy, electrotherapy or manual therapy, but we are finding that specified exercise in play works wonders in loosening joints and brings the man to a normal state."

At the following camps the new treatment of "play-therapy" is being used successfully upon hundreds of wounded soldiers, sailors and marines: Taylor, Dodge, Great Lakes, Fort Sheridan, Fort Des Moines, Fort Benjamin Harrison, U. S. General hospital No. 21, Denver, and plans are being made now to establish the treatment at Camp Funston, Sherman, Custer and the big Ford hospital, Detroit. It is reported that Major Kelley at Camp Grant has set aside two large two-story barracks for a gymnasium and will ask the Y. M. C. A. for two men to assist in directing wounded-soldiers in their games.

### HONOR FIGHTING PARSON

Dr. John H. Clifford, Baptist minister in time of peace, but real fighter in time of war, has been awarded the croix de guerre for extraordinary heroism in action.

Doctor Clifford, as a Y. M. C. A. worker, braved the red wrath of war. He has been in the firing zone as much as the hardest infantryman and was decorated for a most unusual exploit. He was one of three men who braved incessant enemy shell fire while re-

DOCTOR CLIFFORD.

cuing Col. Albertus W. Catlin, commanding officer of the Sixth regiment of marines. The trio carried the colonel to safety on a stretcher.

Doctor Clifford went over the top many times and came near being killed on several occasions. He is fifty-one years old.

### Praises "Y" Work.

Unqualified praise by Consul General Harris in Siberia for the service rendered not only to the American expeditionary troops, but also to the Czechs and to Russian prisoners by the American Y. M. C. A. secretaries, is contained in an official communication transmitted to the state department at Washington by Paul S. Reinsch, American minister to China.

### Great Athletic Program.

Through the Y. M. C. A. the United States plans to introduce a project for the development of American athletics in the allied countries. America's greatest athletic leaders are being fitted to direct the movement from the headquarters to be established in Paris.

## Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the dose. Every bottle guaranteed by your druggist.

## WOMAN'S FRIEND

### POWER AND ELECTRIC WASHER

Notice the good features on the Woman's Friend Machine that you will not find on any other washer—

See the large, round rubbing board that you will not find on any other power washer. It is 4 inches larger than on any other machine using the same style rubber, and is the only power washer with the LARGE end of the tub at the top and the Small end at the bottom, which enables you to do a small washing with less water than with the large end of the tub at the bottom. The tubs are made of White Cedar and are 1 1/2 in. thick, which makes the best tub you can buy and will last a life time. You do not need a wash-board when you use the Woman's Friend Power Washer will not roll up the clothes. The single and double both have two stationary wringers, which makes them solid and more durable than the swinging wringer.

## NEW REPUBLIC'S LEGACY TROUBLE

Some Hold German Slate of Past Should be Wiped Clean and the State Start Over.

IT WOULD MEAN DISASTER.

Leaders Called on to Construct Government and be Responsible for all Past Failures.

By FRANK J. TAYLOR  
(U. P. Staff Correspondent.)

Berlin, Mar. 20. (By Mail).—Germany's infant republic was born with no silver spoon, unless liberation from militarism and kaiserism can be interpreted in that way. The new republic begins with the most hopeless legacy of troubles that any nation ever faced.

So interwoven and tangled are the problems which the new republic's cabinet is undertaking and struggling against, while new ones rise constantly, that the words of a German, who said, "There's not a man in all Germany who sees at one time more than half of the maze of dangers that might explode and overthrow the State", are true.

There are those who say the situation is beyond solution. They hold that the slate of the past should be wiped clean, and the German state should start all over again, much as Russia tried to do. The Government realizes this would mean disaster and complete loss of confidence in any form of government and struggles to avoid it.

It is hard enough to change the form of government when things are running smoothly, and when all parties agree to it. It is hard enough to begin a republic where no government existed at all before. The Germans find their task made more difficult by the reason that their country was completely reorganized, and the new regime has to answer immediately for all the deluge of failures and mistakes of the old.

Germany today can be visualized perhaps as popper full of pop-corn, most of which has popped, but some of which has not and is still going off. Each explosion shakes the whole mass. This unstable state is held together only by the walls of arms that still surround it, for many are they who would like to escape from the burden.

Germany's new Government is tackling the problems with optimism and hope—confidence is hardly possible, as yet. Right here it might be said the new German Government is one without brilliant leaders and is without great men in it. This the Germans themselves say, and do so without regret in their voices. The Germans have had enough of great men, and seem glad to trust their future to mediocre, honest citizens.

This "carpenters' reichstag", as it has been called, has already weathered storms of opposition, during the trying months when the Ebert-Scheidemann party guided Germany from militarism, and put to flight the adoption of a provisional republic constitution at Weimar, on February 10. The great mass of German people have expressed their confidence in at least the honesty and impeccable good intentions of the "citizen congress."

How successful these "citizen statesmen" if they can be called that will be, can be told only by time. If they can bring Germany out of the "muddle of tangled political, social, economic and foreign problems, it will be an everlasting tribute to the republican form of government. If they fail and have to call for help from outside Germany, as no small proportion of Germans who are pessimistic predict, it will be because the militarists and the Junkers left too much of a bad legacy to carry in these trying times.

Just what tremendous difficulties the new republic faces cannot be appreciated fully nor described in their own minds these problems especially when German leaders themselves cannot straighten out in their own minds these problems which change almost daily.

But there are high lights that stand out, or group themselves under heads, and the best a correspondent can do is describe these prob-

## NOW Is the Time to Get Into the ELCAR Automobile Business

1919 is to be the biggest year in the history of the automobile

The great Elcar factory is backing its faith in 1919 by huge investments and costly preparations for the most profitable business in its 46 years of successful manufacturing.

The line of Elcar six and four cylinder cars, ten models in all, is the best and easiest selling in Indiana. Elcar leads in production of cars in Indiana. The reason is that Elcar produces cars that serve and sell.

The Elcar agency is ideal for the business man who wishes an opening in a profitable and substantial field.

## Do You Want a Share of \$300,000.00?

The Colonial Automobile Company has been a successful distributor of automobiles since the beginning of the industry, but our greatest growth has been since our connection with the Elcar, three years ago.

We see great possibilities ahead. We have been so successful in the past, forecasting rightly, that we are backing this opportunity with all our great resources and ability.

We are distributors also for the best built tractor in America—The National.

We have a special agency proposition for farmers, and a dealer proposition for business men in several Indiana towns—selling Elcar Automobiles and National Tractors. Whether you are a farmer or looking for a good business opportunity you can make money under our proposition.

Our agency contract is the best offered in Indiana.

Now is the time to get your share of 1919 profits. Write us for particulars while there is still some territory unassigned.

**Colonial Automobile Company**  
957 North Meridian Street, Indianapolis, U.S.A.

## Attention! Feeders!

There will be a Demonstrator to see you soon. Give him a few minutes of your time. He wishes to talk to you about a leak in your treasury that costs the American farmers thousands yearly, and which is wasted. He is a reputable gentleman and will make it worth your time spent to hear him

Respectfully,

WABASH VALLEY CHEMICAL COMPANY,  
Mt. Carmel, Ill.

## PART IN CEREMONY AT FORT M'HENRY

Capt. Harry VanOsdol Personal Escort to Mayor of Baltimore When Cross is Conferred

THIRD TIME IN UNITED STATES

Dr. John M. Lee has received a letter from his sister, Mrs. Bessie VanOsdol, in which she describes the conferring of the Distinguished Service Cross on Lieutenant Albert J. Shartle of the 315 Machine Gun Battalion at Fort M'Henry, near Baltimore, in the ceremony of which her husband, Captain Harry VanOsdol had a part. It was only the third time that the Distinguished Service Cross had been awarded in the United States and was conferred on Lieut. Shartle for extraordinary heroism near Bethincourt, September 26, 1918.

Capt. VanOsdol, who is first assistant to the chief surgeon in plastic surgery at the army hospital, acted as personal escort to Mayor Preston and his family of Baltimore during the impressive ceremony, which was conducted by Major General Beaumont B. Buck, the new commander of Camp Meade. The ceremony was all the more impressive because of its being held at the old star fort where Baltimore was defended against the British in 1814.

### SURPLUS OF WORKERS

Indianapolis, Ind., April 4.—Eight of ten Indiana cities show a surplus of workers over the opportunities available for their employment, in the reports to the United States Employment office for the past week. Indianapolis continues to lead, as before, in the total of unemployment, although the showing of the state capital is an improvement over that for the preceding week.

## FOR STUBBORN COUGHS AND COLDS

Dr. King's New Discovery  
has a fifty year record  
behind it

It built its reputation on its production of positive results, on its sureness in relieving the throat irritation of colds, coughs, grippe and bronchial attacks.

"Dr. King's New Discovery? Why, my folks wouldn't use anything else! That's the general nation-wide esteem in which this well-known remedy is held. Its action is prompt, its taste pleasant, its relief gratifying."

Half a century of cold and cough checking. All druggists. 60c and \$1.20.

### Bowels Out of Kilter?

That's nature calling for relief. Assist her in her daily duties with Dr. King's New Life Pills. Not a purgative in the usual dose, but a mild, effective, corrective, laxative that teases the bowels into action. 25c.

## TWO YANKS HAVE NARROW ESCAPE

Four American Guns Await Order  
to Fire.

### OFFICER SEES THE CHEVRON

If It Hadn't Been a Clear Day Knights of Columbus Secretary and Iowa Corporal Would Not Be Here Now to Tell the Tale—Yanks Thought They Were Hung and Had Guns Trained to Wipe Them Out.

If Sunday, October 13, 1918, had not been a clear, bright day John J. McBennett, 72 West Sixty-ninth street, New York, just returned from France, where since last May he served as a Knights of Columbus secretary, would not be living today. He admits it and his contention is supported by Corporal Bill Hale of Iowa, circulation manager for Stars and Stripes, the official organ of the A. E. F. Hale, too, has cause to remember always that that particular day was bright and clear—at least in the Argonne section of the battlefields in France.

McBennett and Hale would certainly have been blown off the face of the earth if a keen-eyed American artillery officer had not, through a powerful field glass, happened to see the K. C. chevron on McBennett's sleeve. There wasn't an instant to spare, either, because four big American guns were trained on the men and the signal only was needed to blow them to smithereens.

#### How It Happened.

It happened like this: McBennett who had been delivering supplies to several of the Knights of Columbus buildings at the front, returned to division headquarters near Rarecourt Saturday night, October 12, with his automobile out of commission. He was wondering how he could manage to get these cigarettes and chocolates where they would do the most good when he happened to see Corporal Bill Hale coming along with a camionette, delivering a late edition of Stars and Stripes.

Hale agreed to help McBennett out. They made an early start and headed for Fleville, then started for St. Juvin, which McBennett understood was occupied by American troops, but later developments proved that 350 Germans were concealed in the town and outskirts.

#### Got Out to Adjust Curtains.

They kept going until they were within 75 yards of the city. They stopped their car and decided to get away from there at once. Hale got out of the car to adjust the curtains on one side and McBennett left his seat to arrange the shields on the other side. They finally turned around and they got back near Fleville.

On the way back to the lines McBennett and Hale met Father Martelle, chaplain of the Three Hundred and Seventy engineers and Three Hundred and Twenty-first field artillery. The priest told McBennett and Hale they certainly were the luckiest men in the world, because on the preceding day, when they had ridden into Fleville and started for St. Juvin, the

American troops stationed in a mountain near there had seen them, but could not make out any name or insignia on their car, and when they saw them ride by these German machine-gun nests they naturally concluded that they were Germans and thus decided to mop them up. Four guns got their range on them immediately and would have received the signal to begin firing had it not been for the keen-eyed officer referred to. Through his glass he happened to see the K. C. chevron on McBennett's arm and the order to fire was never given.

### BABY HAS LARGE FEET

Shoes of Men's Size Required for Infant Girl.

There is no doubt that little Virginia Scroggins of Rockwall, Tex., has the largest feet of any baby in the world. Virginia is two years old and is just beginning to walk about the house. Her parents and physician declare that the delay in her walking is due to the fact that she can hardly drag her feet about. Instead of wearing a tiny pink baby shoe, Virginia wears what would be a No. 10 of men's sizes if such "baby" shoes could be bought in the stores. Her feet are fully 10 inches in length and are 4 inches across the instep.

Mrs. Scroggins declares when Virginia was born her feet were almost as long as her body. Since that time they have grown in proportion to the other members of the body and it is figured that by the time she reaches the marriageable age her feet will be 24 inches long.

### ARMY FOUND MANY UNFIT

467,694 Draftees Turned Down During Last Ten Months of War.

In the last ten months of the war, 467,694 men in the United States were found unfit for military service, according to the final report on the draft by Provost Marshal General Crowder.

Defective heart and blood vessels were the causes of most of the rejections, 61,142 being barred in those cases. Defective bones and joints barred 57,744 men from the service in the final ten-month period, and 49,801 were rejected because of poor eyes.

### The Debt

By RANDALL PARRISH.

A young fellow came back to our town the other day, struggling along on crutches; he had left one leg in France. A friend met him, and said sympathetically: "I'm mighty sorry, Fred, you lost your leg." The lad looked at him and smiled. "I didn't lose my leg, Charlie," he replied quietly. "I gave it."

That is just what they have been doing, those splendid buds of ours. They have been giving their legs, their arms, their eyes, their very lives, that we might have our homes, our shops, our farms; that we might live in peace, in prosperity, in freedom of thought and action.

Don't we owe them anything? Haven't we a debt unpaid to the dead in France, to the maimed and crippled, who are coming home from the battle front?

That is the appeal of the forthcoming Victory Liberty loan. It is a debt we owe—to the aviator, who went crashing down in flames; to the doughboy, who went cheering over the top through a rain of shrapnel; to the gunner, who fell with the lanyard in his hand.

We can never pay it—no! Money does not work that miracle. Just down the street from here a flag hangs in the window of a little cottage containing two golden stars. What is my money, or yours, balanced against the priceless gift of the heartbroken father and mother there? If every man in this town should throw his dollars into the scale, those lives would weigh the most.

Cheer and welcome those who return; honor their manhood, and thus pay to them, in a small measure, the debt you owe their service.

But do not forget those others, who will not return—the voiceless dead. You owe a greater debt to them. They died with faith in you.

—HELP "FINISH THE JOB."—

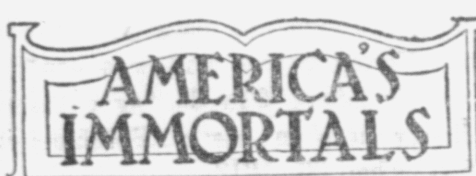

The war in its larger sense is not over, and our duty to support our soldiers is not over until they are

all home. The Victory Liberty Loan is to be used for the purpose of maintaining them overseas as an army of occupation and bringing them back.

The Germans, not the Americans, were the quitters, but our work is not finished until we have brought the victors home. Let's finish the job by oversubscribing the Victory Liberty Loan as we did all its predecessors.

We may speak of the Victory Liberty Loan as a peace loan or a victory loan, but in a sense it is a memorial loan to our soldiers who died on the field of battle.

Buy Victory Liberty Loan Bonds and help finish the job it took 10,000,000 lives to start.

AMERICA'S  
IMMORTALS

WILLIAM R. PECK,  
Sergeant, Company C, 354th  
Infantry.

Sergeant Peck (deceased) received the Distinguished Service Cross for conspicuous gallantry in action near Remonville November 1, 1918. He was advancing with his company across an open field when enemy guns opened fire on them from two sides. The attention of the platoon commander was directed to the gun on his direct front, while the enemy on the right was leveling his gun upon him. Seeing the predicament of his commander, Sgt. Peck threw himself against the officer, pushing him into a shell hole, but exposing himself to the fire, which instantly killed him. His home was in Washburn, Wis.

#### What Every Boy Should Do Every Day

1. Drink a pint of hot water and take a dozen deep breaths before breakfast.
2. Say "good morning" to at least one-half dozen people.
3. Smile.
4. Walk at least two miles.
5. Whistle at least a dozen tunes.
6. Do some helpful thing around home that you have not been told to do.
7. Be prompt.
8. Be as kind and helpful to your own mother and sisters as to other boys' mothers and sisters.—The Chronicle.

#### Quaint French Custom.

A quaint custom with the boys of France, at the time when they are called to the colors, is the wearing, just for a day or two, of a tall silk hat, and failing that, of the tallest felt hat they can procure. Pinning bands of newspaper to the crown, they sallies forth thus decorated and parade the streets of towns and villages, as the case may be. Often hats are handed from father to son, or from brother to brother, and worn heedless of size or shape. The boys, having worn the "chapeau de force" for 24 hours or so, stream into the barracks and become the conscripts, and then the famous "poilus" of France.

#### Happy Mothers Prepare in Advance

A Wonderful Influence For Expectant Mothers.

Mothers for over half a century have used with the utmost regularity the time-honored preparation, Mother's Friend, before the arrival of baby. Here is a truly wonderful penetrating application for the abdomen and breasts. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion. By its use the anxious months of pregnancy are made comfortable. The usual wrenching strain, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and the use of Mother's Friend brings restful nights and happy anticipations for the nerves are not drawn upon with the usual strain.

By its regular application the muscles expand easily when baby arrives; the time is less at the crisis and naturally the pain and danger is less.

Mother's Friend is on sale at every drug store. It is for external use only, is absolutely safe and wonderfully effective. Write the Bradfield Regulator Company, Dept. C, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, free to users of Mother's Friend, and obtain a bottle of Mother's Friend from the drug store and begin this grateful treatment.

## NOTICE

Of the Filing of a Petition for The Improvement of a Highway in Rush County, State of Indiana.

Frank McCorkle et al Highway.

Notice is hereby given that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County, and praying for the improvement of a highway wholly in said County, was filed in the office of the Auditor of said County on the 27th day of March, 1919, and said Auditor then and there designated by endorsement thereon, the 19th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition, as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an act of the General Assembly of the State of Indiana, approved March 11th, 1919, known as the County Unit Law; that the matter to be considered at such hearing is and shall be in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor, in accordance with the provisions of said act; that the beginning, source and terminus of the proposed road and improvements are as follows:

Beginning at the intersection of the line between Sections 25-26, Township 12 North, Range 9 East, and the Rush and Decatur County line. Running thence north on and over existing highway and on line between Sections 25-26, also 23-24, Township 12 North, Range 9 East, to the northwest corner of said Section 24, thence east about 25 rods to the intersection of the highway running north. Thence in a north and easterly direction along and over existing highway and through the west half of Section 13, Township 12 North, Range 9 East, to the north line of said Section 13. Thence east along and over existing highway known as the Anderson Milroy Free Gravel Road, to a point which is about 77 rods west of the southeast corner of Section 12, Township 12 North, Range 9 East. Thence north along the center line of Walnut Street in Milroy to the north end of said street, thence in a northerly direction over and along established highway and through the land of Sarah A. Bartlett in the northeast quarter of Section 12, also 23-24, Township 12 North, Range 9 East, to a point on the center of an established highway, thence in a northeasterly direction along and over said highway through the northeast quarter of Section 12, and the west half of Section 1, Township 12 North, Range 9 East, and across the right of way of the C. C. & St. L. Railway of said Section 1, thence north along the west line of said Section 1 to the northeast corner of said section. Thence continuing north along the line between Sections 31-36 also 25-30 also 19-24 also 13-18, Township 13 North, Range 9 East and 13-18, Township 13 North, Range 9 East, to a point about 80 rods south of the northwest corner of Section 18, Township 13 North, Range 9 East, and the west half of the southwest quarter of Section 5 to the intersection of the Frank Capp et al. highway being about ten and one-half (10 1/2) miles in length.

That said petitioners recommend that the highway be made forty feet in width; that said highway throughout the course of the proposed improvement, be paved with cement or bituminous concrete to the width of eighteen feet, with sufficient berms and ditches at each side thereof, and with such culverts, bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 19th day of April, 1919, at 10 o'clock in the forenoon, or as soon after as the same can be heard at a regular session of said Board at its office in the Court House of said County, the said petition will be presented to said Board and a hearing had thereon and that any interested party may appear at such hearing and show cause why the request prayed for in the petition shall not be granted.

In Witness Whereof, I, William H. McMillin, Auditor of said County, have signed the above and foregoing notice and affixed thereto the seal of said County, this 27th day of March, 1919. WM. H. McMILLIN, Auditor Rush County.

## ORDINANCE NO. 324.

An ordinance requiring the Pittsburgh, Cincinnati, Chicago and St. Louis Railroad to erect and maintain automatic crossing alarm bells at certain crossings within the City of Rushville, Indiana, and repealing Section No. 1 of Ordinance No. 151, passed by the Common Council of the City of Rushville, Indiana, on Tuesday, the twenty-first (21st) day of January, 1902, and Ordinance No. 163, passed by the Common Council of the City of Rushville, Indiana, on Tuesday, the nineteenth (19th) day of September, 1905.

Section No. 1.—Be it ordained by the Common Council of the City of Rushville, Indiana, that the Pittsburgh, Cincinnati, Chicago and St. Louis Railroad be and the same is hereby required to erect and maintain automatic crossing alarm bells at the intersection of its tracks on each of the following streets, to-wit: Third street, Jackson street, Fifth street, Harrison street, Seventh street, Main street, Eighth street and Perkins street.

Section No. 2.—Section one of Ordinance No. 151, passed by the Common Council of the City of Rushville, Indiana, on Tuesday, the twenty-first (21st) day of January, 1902, and Ordinance No. 163, passed by the Common Council of the City of Rushville, Indiana, on Tuesday, the nineteenth (19th) day of September, 1905, are hereby repealed.

Section No. 3.—Any person, corporation or railroad company violating any of the provisions of this ordinance shall be fined in any sum not exceeding the sum of one hundred dollars.

Section No. 4.—This ordinance shall be in effect from and after its passage and publication as required by law.

Passed by the Common Council of the City of Rushville, Indiana, on Tuesday, the 18th day of March, 1919. A. B. IRVIN, Mayor.

Attest: Earl E. Osborne, City Clerk. Mar 21-28-Apr 4

## NOTICE

Of the Filing of a Petition for the Improvement of a Highway in Rush County, State of Indiana.

In the Matter of the Petition of Samuel D. Kirkpatrick et al. for the Improvement of a Highway, under the County Unit Road Act, in Rush County, Indiana.

Notice is hereby given that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County, and praying for the improvement of a highway wholly in said County, was filed in the office of the Auditor of said County on the 27th day of March, 1919, and said Auditor then and there designated by endorsement thereon, the 26th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition, as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an act of the General Assembly of the State of Indiana, approved March 11, 1919, known as the County Unit Law, that the matter to be considered at such hearing is and shall be in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor, in accordance with the provisions of said act; that the beginning, course and terminus of the proposed road and improvements are as follows:

Beginning at the southwest corner of Section 20, Township 14 North, Range 10 East, said point being the northern terminus of what is known as the John H. Power et al. proposed improved concrete highway, and running thence north over an existing highway on the line dividing Sections 19 and 20, 18 and 17, and 7 and 8, to the northwest corner of the west half of the southeast quarter of Section 8, Township 14 North, Range 10 East; thence west along and over existing highway on the line dividing the east half of the north-east quarter of Section 7, Township 14 North, Range 10 East, from the east half of the southeast quarter of Section 6, Township 14 North, Range 10 East, to the north line of said Section 7, thence west along existing highway to the north line of said Section 7, to the middle line of said section, north and south, thence north over existing highway on the middle line of Section 6, Township 14 North, Range 10 East, and Section 21, 20 and 19, the north line of said Section 19, all in Township 15 North, Range 10 East, said last named point being at a point in said highway known as "Center." Thence north over existing highway on the center line of Section 18, and to a point on the center line of said Section 7, thence north over existing highway to the north line of said Section 7, said distance across said Section 7, said Sections 7 and 18 being in Township 15 North, Range 10 East, thence in a northerly and westerly direction to the west line of said section 7, along an existing highway, thence north along an existing highway on the west line of said Sections 7 and 6, Township and Range aforesaid, to the northwest corner of said Section 6 and to the County line running between the Counties of Rush and Henry, State of Indiana.

That said petitioners recommend that the highway be made forty feet in width; that said highway, throughout the course of the proposed improvement, be paved with cement, or bituminous concrete, to the width of eighteen feet, with sufficient berms and ditches at each side thereof, and with such culverts and bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 26th day of April, 1919, at 10 o'clock in the forenoon or as soon thereafter as the same can be heard, at a regular session

of said Board at its office in the Court House of said County, the said petition will be presented to said Board and a hearing had thereon, and that any interested party may appear at such hearing and show cause why the request prayed for in the petition shall not be granted.

In Witness Whereof, I, William H. McMillin, Auditor of said County, have signed the above and foregoing notice and affixed thereto the seal of said County, this, the 4th day of April, 1919.

(Seal) WM. H. McMILLIN, Auditor Rush County, Ind.

Apr 4-11

## ORDINANCE NO. 325

An ordinance fixing the time during which watchmen stationed at street crossings in the City of Rushville, Indiana, by the Cincinnati, Indianapolis & Western Railroad Company or Walker D. Hines, Director General of the Railroad for the United States Railroad Administration shall, attend to their duties.

Section 1.—Be it ordained by the Common Council of the City of Rushville, Indiana, that from and after the passage of this Ordinance all watchmen employed by the Cincinnati, Indianapolis & Western Railroad Company or Walker D. Hines, Director General of the Railroad for the United States Railroad Administration, now operating the Cincinnati, Indianapolis & Western Railroad, either stationed by said Company or said Director General, or heretofore ordered stationed by the Common Council of the City of Rushville, Indiana, at any street crossing in said City of Rushville, Indiana, shall be required to attend to their duties as such watchmen or flagmen from the hour of 8 a. m. until 5 p. m.

Section 2.—This ordinance shall be in force from and after its passage.

Passed by the Common Council of the City of Rushville, Indiana, on Tuesday, the 18th day of March, 1919. A. B. IRVIN, Mayor.

Attest: Earl E. Osborne, Clerk. Mar 21-28-Apr 4

## ORDINANCE NO. 326.

# Keep the Kidneys Well

Health is Worth Saving, and Some  
Rushville People Know How to  
Save It

Many Rushville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Rushville citizen's recommendation.

Mrs. Lizzie Boren, 840 W. Ninth St., says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. I was told I had gravel. I heard how someone else had been cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me at once and after I had taken four boxes, the pain had left and I felt a great deal better."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Boren had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

# MAY SOLVE THE GLENWOOD THEFT

Arrest of Youthful Bandits in Fayette County May be Solution of Many Robberies

## LOOT IS FOUND IN A DUGOUT

Farmer Sees Smoke Coming From Underground Refuge Which is Raided by Sheriff and Posse

With the arrest of two youthful bandits in Connersville the mystery surrounding the robbery of the Vandiver store in Glenwood a few days ago is thought to be solved. It was thought that a cave existed in the vicinity of Connersville and did exist as it was found Wednesday and in it were the many articles that had been stolen during the last few weeks which, when loaded into a farm wagon, made a big load.

For the last few weeks many stores have been entered and articles of food, clothing, tobacco and ammunition taken. Livery barns

have also been entered and robes and blankets carried away, two homes were forced and uniforms were missing, a horse was taken from the hitch rack and driven until it could no longer go and then turned loose. All these matters have been considered serious and have been given strict attention but until last week were the officers unable to locate the young bandits.

Wednesday morning a farmer noticed smoke coming from the ground near his farm and he immediately notified the Fayette county sheriff, who with a posse rushed the dugout in which the boys were living and captured them, along with the plunder which they had collected within the last few weeks. As a result, Charles Finch and Orville Stant are in the Fayette county jail awaiting trial.

From the Connersville News this morning comes the story that another robbery has been committed and it is thought that there were more than the one band of robbers on the job. This time the Vandette theatre was entered and the war tax money and other small change was taken from the till, which amounted to about \$12. It was sure that the Jesse Jameses that committed the former robberies did not commit

# MOTHER GRAY'S POWDERS BENEFIT MANY CHILDREN

this theft for they were safely locked in the county jail. The Connersville police have something else to think about now and are hoping to have as much success in running down this rober as they did in the case of the boys in the dugout.

# WORD RECEIVED FROM CLARENCE E. MEYERS

Recently Returned (From Overseas  
Where he Saw Several Months  
Service

## NOW IN THE BASE HOSPITAL

William Mulno is in receipt of a letter from Clarence Meyers, who was employed in Mr. Mulno's clothing store prior to his enlistment in the marines early in 1917. The letter was written a few days after Meyers landed in the United States from France. He is now stationed at the Base Hospital at Quantico,

Va. The letter in part is given herewith:

"I landed in the U. S. about ten days ago but have not been able to write until the present time. I took the influenza aboard ship shortly after we sailed and was sick all the way across as the 'flu' turned into pneumonia. That is what is keeping me in bed now. I am getting along alright and would feel much better if I could be myself again, but have no idea how long it will be before I can get out of here."

"It sure seems strange that I am in the United States again. All that I have seen of it though is through this window and that isn't very much. I certainly would like to bid this hospital goodbye and be myself once more."

In a letter received since the above one he states that he is improving fast and was able to sit up a few minutes and have his clothes on the day he was writing. He states that he is receiving papers from this county and that they certainly look good to him. He states that he is anxious to be discharged in order to be home, but has no idea when that time will come.

Private Leland T. Hadly, Richmond. Died from accident and other causes—Private Miles E. Wheatley, Tell City.

Wounded severely—Corp. Nelson Thompson, Fort Wayne.

Killed in action—Private Clinton G. Beasley, Linton, (previously reported missing in action.)

# A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes  
—Most Women Can Have

Says Dr. Edwards, a Well-Known  
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 13c and 25c per box. All druggists.

## GIVES \$5,000 TO WORK OVERSEAS

Rush County Red Cross Makes Contribution in Response to Appeal From National Body

### COMMITTEE IS APPOINTED

Will Compile Data on Local Chapter's War Activities—Appeal For Workers Issued

At the meeting of the executive committee of the Rush county chapter of the American Red Cross last night, \$5,000 was appropriated to the Red Cross to be used for work abroad and a committee of three women was appointed to compile data on the activities of the Rush county chapter during the war, to be supplied to the Lake division headquarters.

The committee also discussed the imperative need of more women to help with the current quota, which may be finished in a few weeks if the proper number of workers respond to the appeal which was issued today.

The appropriation was made in response to an appeal sent to all chapters for funds because of the imperative need of work among war refugees. The chapter was requested to forward all the money in the treasury because there will be no future needs for funds since chapters are no longer required to buy supplies. Material for garments, already cut, is supplied by the Lake division.

Mrs. A. D. Stewart, Mrs. Phil Wink and Mrs. Harrie Jones were named as the committee to prepare the data on the activities of the Rush county chapter since its organization, which was after the United States entered the war. The report will be completed by May 1 and will be used in preparing the history of the American Red Cross during the war. The local committee will have to gather data only from the date when the Red Cross War History was issued, as that book covered the county's work during the first part of the war.

The statement requesting help from the women of the county in completing the quota of garments recently allotted, is as follows:

The necessity for greater activity in the work of the Rush county chapter of the Red Cross is imperative.

Since the signing of the armistice, and the cessation of hostilities five months ago, a sense of security seems to have possessed the people of this county, generally, which has led the majority to regard the work of the Red Cross as finished, resulting in an attitude of indifference strangely in contrast with the activities which characterized the organization during the war.

The importance of meeting the requirements of the Red Cross, and furnishing the quotas of clothing, and knitted articles apportioned to the local chapter, are emphasized by reports of widespread distress and suffering in European countries as an aftermath of the war, and also the fact that the American armies at home and abroad, are only partly demobilized.

The extent of the distress abroad is hardly imaginable. No voluntary organization however liberally supported, could cope with the problem of relieving this distressed situation. The allied governments themselves, working through the International Relief Commission, have undertaken to help the destitute peoples with food, but there still remains great opportunity for the Red Cross in dealing with the more acute and emergent problems, such as caring for the sick and infirm and the guarding of the lives of children, by providing food and clothing.

Nothing could be more mistaken

Continued on Page Two

## TO SPEAK ON GAS WARFARE

Gus Williams Will Address Epworth League Sunday Night

"Offensive Gas in Modern Warfare" will be the subject of the talk to be delivered by Gus Williams who will speak at the Epworth League of the Methodist church on Sunday evening at 7 o'clock. Mr. Williams was to have talked on last Sunday evening and was unexpectedly called out of the city. Mr. Williams' talk will be of special interest because of the fact that he belonged to the only Gas regiment which went overseas. Having been in the service for over a year, he is well fitted to speak on the subject which he has chosen.

## RINGS FOR FORMER BATTERY A MEN HERE

Memento of War Purchased With Battery Fund May be Obtained of Allan H. Blackledge.

### HAS REGIMENTAL INSIGNIA.

All former members of Battery A, 139 Field Artillery, may obtain sterling silver rings which were purchased with the battery fund as a memento of the war, by seeing Allan H. Blackledge, former first lieutenant, who has received them. The rings are distinctive and will not be duplicated by any other organization because the die has been destroyed. On the top of the ring is the impression of a cannon, on one side the insignia of the artillery branch of the service with the letters "139th F. A." and on the other side the insignia of the 38th, the Cyclone division.

Each member of the battery, in addition to the ring, will receive a picture of the regiment and a regimental history. After these things were paid for out of the battery fund, the remainder was spent for delicacies which were not on the army bill of fare. The battery fund represented a part of the old Company B fund, because when the Fourth Indiana Infantry was converted into the 139th Field Artillery at Camp Shelby, Miss., a large number of the men in Company B were transferred to Battery A.

## REINHEIMER HELD FOR HAULING BOOZE

Rushville Man Arrested in Indianapolis When Police Find Whiskey in His Machine

### FIRST GIVES THE WRONG NAME

Walter C. Reinheimer, age 36 years, who still claims Rushville as his home but who has not been living here for several months, made the mistake of stopping to call on a woman friends last night while his automobile still contained a load of whiskey, according to a story in the Indianapolis Star this morning. It was stated in the Star that Reinheimer told the police that he bought the whiskey in Dayton, Ohio. While the car was standing at Alabama and North streets, the story in the Star continues, Patrolman E. C. Ball saw the closely-curtained, mud-covered machine. He raised one of the curtains and found the whiskey.

Reinheimer admitted the ownership of the automobile, the police say. He was sent to police headquarters, charged with violating the prohibition law. When the automobile was searched it was found to contain ten cases of half pints, nineteen pints and twelve quarts of whiskey and a quart of gin.

Reinheimer was here Wednesday in a machine and was probably then on the way to Ohio.

## MAY LEAVE THE PEACE CONGRESS

Italian Delegation Likely to Withdraw Monday if They Are Not Awarded Fiume

### NO EASTER PEACE PROBABLE

Signing of Pact by April 20 Out of Question Because of New Proposals Being Made

(By United Press.)

Paris, April 4.—Persons associated with Premier Orlando today informed American press headquarters that the entire Italian delegation will withdraw from the peace conference Monday if they are not awarded Fiume. There were several reports circulated several days ago but Italy's press bureau issued further denial.

France's confidence in an Easter peace voiced by Foreign Minister Pichon, is receiving no support from other sources. The belief appeared to be growing that owing to the appearance of new proposals and the difference of opinion regarding the old ones, the signing of the peace by Easter Sunday, April 20, is out of the question.

There is a disposition by the Big Four to settle more important phases of Italian and Polish claims by declaring both Fiume and Danzig free ports.

Previously it had been planned to award Danzig to Poland with a corridor connecting that city with the Posen district and give Fiume to Italy in return for abandonment of Italy's claim to Dalmatia. No definite decision has been reached in this regard but it is understood that an effort is being made to effect a settlement along these lines.

President Wilson was suffering from a severe cold today, necessitating his temporary absence from all conferences.

The Big Four met in the "White House," Col. House representing the president. King Albert of Belgium who conferred yesterday with President Wilson, Premier Clemenceau and President Poincaré, was invited to the meeting.

Premier Lénine's "informal peace" proposal to the allies is virtually an ultimatum, it was learned from an authoritative source today.

The Russian Bolshevik leader is known to have suggested a time limit for acceptance of the offer beyond which he would not undertake to abstain from consideration of Chancellor Scheideman's proposal as conveyed to Foreign Minister Trotsky.

### CHURCH TO BE DEDICATED

The Ben Davis Creek church will be dedicated Sunday April 13 with an all day service in charge of the Rev. Mr. Cobble. A special program has been arranged and dinner will be served in the basement at the noon-hour. Invitations are extended to the public to attend this dedication, especially to the congregations of adjoining churches, and anyone who attends will be welcomed.

### WOMAN BURNED TO DEATH

Edinburg, Ind., April 4.—Mrs. Roy Haymaker, 18 years old, was burned to death here when her dress caught fire after she had poured kerosene on kindling in a stove. She was the daughter of Mr. and Mrs. Samuel Craig. Besides her parents and husband, an infant daughter survives.

### PRESIDENT IS ILL.

Washington, April 4.—President Wilson, taken ill with a severe cold last night, was confined to his bed today. Admiral Grayson, his physician called the White House this morning. Grayson added that there was no need of worry.

## PHILIPPINES ASK FOR INDEPENDENCE

Base Appeal on Fact That They Stood With United States in Fight For Liberty

### MISSION MEETS SECY. BAKER

Pres. Quezon Says Granting it Will Prove Country Liberating, Not Conquering Nation

(By United Press.)

Washington, April 4.—An appeal for independence was laid before the United States government today by the Philippines. A commission consisting of forty prominent natives of the island, headed by Manuel Quezon, President of the Philippine senate, presented the appeal to Secretary Baker.

Declaring that the islands "stood by you in the fight for the rights and liberties of small nations," Quezon said that granting of independence to this country would prove to the world that America is a "liberating rather than a conquering nation."

The time for the Philippines' independence has substantially come, Secretary of War Baker told the Filipino mission. The day is very close at hand when it can be seen that the existing relationship has been merely "formal ties."

This, he added, is the view of the president as well. He read a letter from the president to the mission which expressed pride in the support of the Philippine people during the war.

The president's letter addressed to Secretary Baker and read by him, brought applause and expressions of approval.

Referring to the Philippine "national birthright to be free and independent," Quezon told Baker he submitted the "vital and urgent question of the Philippines' independence to you, and through you to the government of the United States in the confident hope that it shall merit justice, righteousness and final settlement."

Quezon told Secretary Baker that the commission reported on Philippine life and that all would testify that independence is the great national ideal of the Philippine people. He presented a document from the Philippine legislature asking the mission to place the matter squarely before the United States government.

"We believe that this is the proper time to present the question," Quezon said, "looking to a favorable and decisive action, because of the declared and uniform policy of America to withdraw her sovereignty over the Philippine Islands and to recognize our independence as soon as a stable government can be established. That there is now a stable government in the Philippines managed and supported by the people themselves and that it can and will be maintained under an independent Philippine government, is the testimony of all our official representatives which Gov. Gen. Harrison and acting Gov. Gen. Yeater will bear out."

+++++  
Glenwood Constable, Fined.  
O. Z. Williams was fined \$1 and costs yesterday in mayor's court when he pleaded guilty to operating a machine without the proper license. Mr. Williams was returning from Florida where he had spent the winter and his machine had a Florida 1918 license plate on it. He said that he thought he should not be arrested because he was a constable in Glenwood. The fine was paid, however.

## BATTLING IN STUTTGART

Spartacans and Government Troops Fight in the Streets

(By United Press.)

Berlin, April 4.—Fierce street battles are raging in Stuttgart between the Spartacans and government troops, according to advices received here late today. The casualties are said to be heavy. The Spartacans are reported to have captured the principal hand grenade depot in Stuttgart. Numerous small bands of the radicals have been cut off from the main body and captured.

The government has again restored order in the Ruhr district by rushing 60,000 troops into that region. The general strike continues to spread and has extended to three large German cities.

## APPOINTED CAPTAIN IN THE RESERVE CORPS

Allan H. Blackledge Receives Promotion of Recommendation Before Armistice.

### SERVED AS 1ST LIEUTENANT.

Allan H. Blackledge has received notice of his appointment as a captain of artillery in the army reserve corps, for a period of five years, effective March 26, 1918. The appointment is a promotion for Mr. Blackledge because he served during the war as a first lieutenant, but the promotion came because of the fact that he had been recommended for a captaincy before the armistice was signed. Under no circumstances do commissioned officers receive a rank in the reserve corps higher than that they held before November 11, 1918, except as in the case of Mr. Blackledge.

All appointments to the reserve corps are being limited to discharged officers and training school graduates, with the exception of a comparatively small number specially fitted for certain things. There is no certainty when or how often reserve corps officers will be called out for training because the war department has not yet determined these plans.

Mr. Blackledge was first commissioned first lieutenant in old Co. B when it was organized here, and then became first lieutenant of Battery A, 139th Field Artillery, when the Fourth Indiana Infantry was converted into an artillery regiment.

## KEEPING A GAMING HOUSE IS CHARGED

Martin Clevenger Also Accused of Inducing a Minor to Play Craps, in Grand Jury Indictment.

### ARRESTED AND OUT ON BOND

Martin Clevenger was arrested yesterday afternoon and arraigned before Judge Sparks in the circuit court on two grand jury indictments which accuse him of keeping a gaming house and with inducing a minor to gamble. Clevenger gave bond for \$100 in each case, but entered a plea.

It is charged in one indictment that Clevenger unlawfully kept a room and building in Rushville to be used for gambling and "did suffer and permit" Newlin Finney, Luther Butts and divers other persons whose names were unknown to the grand jury, to play craps for money and other things of value.

In the other indictment it is alleged that Clevenger on March 9, 1919 induced Newlin Finney, a minor, to engage in a game of dice called craps for money.

## DOGS COST COUNTY SUM OF \$2,856.80

Amount Paid Out to Satisfy Claims For Live Stock and Fowls Killed in One Year

### WARRANTS UNPAID \$2,435.20

All But Four Townships Show Balance, According to Reports of Trustees Made to Auditor

Dogs cost Rush county \$2,856.80 during the year ending March 1, not taking into consideration the unpaid claims for live stock and fowls killed, according to the reports of the township trustees made to the county auditor.

Outstanding warrants, according to the report, total \$2,435.20, so that on paper animals and fowls killed by dogs during the year were valued at \$5,292. Receipts from dog taxes during the year amounted to \$2,278.75 and counting the balance on hand in the township dog funds March 1, 1918, \$668.75, the total amounts to \$3,447.50.

The balance in the township funds after all claims were paid is shown to be \$387.70 and the deficit in the townships which had issued warrants with no funds to pay them, amounted to \$2,329. The law provides that the balances in townships funds shall be prorated among all the townships, which mean that each trustee this year receives eight cents on the dollar in the division of the balance. All townships had a balance with the exception of Center, Jackson, Noble and Richland. Some townships, Orange, Anderson and Rushville, had both a balance and a deficit, probably due to the fact that there was no claim small enough to be paid by the balance.

Under the law, each township trustee is allowed to keep all sums up to \$100, providing all claims are paid, and the remainder is paid over to the county to be prorated among the other townships. Thus the balances on hand March 1, 1919 show that five township last year paid all of their claim and still had \$100 in their funds. The showing of each township was as follows:

**Ripley**  
Balance Mar. 1, 1919, \$39.50; receipts, \$188; total receipts, \$237.50; expenditures during year, \$221.50; balance, \$16.

**Posey**  
Balance, \$100; receipts, \$168; total receipts, \$268; expenditures, \$30; balance, \$238; amount paid Co. treasury, \$138.

**Walker**  
Balance, \$100; receipts, \$114; total receipts, \$214; expenditures, \$210; balance, \$4.

**Orange**  
Balance, \$100; receipts, \$210; total receipts, \$310; expenditures, \$308; balance, \$2; deficit, \$193; amount out in warrants, \$195; amount paid treasury, \$15.92.

**Anderson**  
Balance, \$.50; receipts, \$314.65; total receipts, \$315.15; expenditures, \$215; balance, \$100.15; deficit, \$149.85; amount out in warrants, \$250; amount paid treasury, \$12.35.

**Rushville**  
Balance, \$23.75; receipts, \$584.80; total receipts, \$608.55; expenditures, \$604.50; balance, \$4.05; deficit, \$536.95; amount out in warrants, \$541; amount paid treasury, \$44.20.

**Jackson**  
Balance, \$34.60; receipts, \$91; total receipts, \$125.60; expenditures \$125.60; deficit, \$432.40; amount out in warrants, \$432.40; amount paid treasury, \$35.65.

**Center**  
Balance, \$46.40; receipts, \$156; total receipts, \$202.40; deficit, \$322.60; amount in warrants, \$322.60; amount out in warrants, \$322.60.  
Continued on Page Three

# GIVES \$5,000 TO WORK OVERSEAS

Continued from Page One  
than the idea that the responsibilities ended with the armistice. The war time program has not been finished. It would be a calamity if the work should now lose its effectiveness through lack of support.  
The questions of how to meet the demands made, and to supply the quotas of clothing and knitted articles apportioned to the Rush coun-

ty chapter, were discussed at a meeting of the executive committee of the Red Cross held at the headquarters last night.  
Reports made by the ladies in charge of the various departments in the Red Cross work room show that there has been little activity in some branches of the work except on the part of the persons in charge. Appeals for workers in the sewing room have met with indifferent response, and it has been necessary

recently to make almost a house-to-house canvass in order to avoid an abandonment of the work. The same is true in the knitting department, reports indicating that the many knitters who were persistently active during the war now regard the work in that branch as finished and decline to take any yarn, of which there is a plentiful supply at headquarters.

The demand for refugee garments and for knitted article is still positive and insistent, and the local chapter is expected to supply its quota. This cannot be done without the co-operation and generous assistance of the patriotic women of Rushville and Rush county.

A quota of 1150 refugee garments was recently apportioned to the local chapter, to be finished by the first of May. Two hundred and fifty of these garments are yet to be finished, and unless there is increased activity on the part of the ladies in the county, the chapter will not be able to complete the quota on time.

Another necessity for immediate response of helpers in the work room of the Red Cross is the fact that the present headquarters in the court house are to be given up the first of May and it is necessary to complete the present quotas before the change is made.

Goods and sample garments can be taken from the headquarters to the homes of persons who will assist in the work, thereby obviating the necessity of ladies leaving their homes to assist in the work. The same is true in the knitting department, supplies of yarn being available for anyone who wishes to assist in that branch.

If 250 ladies in the county will make one garment each for the Red Cross within the next month, the local chapter will be able to meet the demand and supply its quota.

The ladies in charge of the headquarters, including the secretary, Mrs. Marian Jones, and Mrs. Phil Wilk, Mrs. Willard Amos, Mrs. T. M. Green and Miss Sue Gregg, will be glad to furnish any desired information or assist ladies willing to aid in the urgent work of the organization.

The demand is great, the work a necessity, and the appeal is to patriotism.

## REVOLUTION IN ESSEN.

Zurich, April 4.—A revolution has broken out in the Essen district, according to advices received here today. Further disorders are reported in the Westphalia district.

## Great Sacrifice of France For America

France has put 6 million of her 36 million population into the trenches and has poured out her life blood for America and democracy. In addition we owe her a large debt of gratitude for a perfect remedy for stomach, liver and intestinal ailments which her peasants discovered and successfully used. The ingredients are now imported and sold by Geo. H. Mayr, leading Chicago chemist, under the name of Mayr's Wonderful Remedy. Marvelous results are said to have been achieved by it here. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists Everywhere.—(Adv.)

### Marguerite Clark at Princess

There are few men in public life who are better known than Herbert Hoover, Food Administrator who is now in Europe in charge of the distribution of food to the starving neutral and suffering belligerent nations. Mr. Hoover's office in Washington may be seen in Marguerite Clark's new photoplay, "Little Miss Hoover," which is being shown at the Princess theatre tonight.

The set used in "Little Miss Hoover," is a replica of Mr. Hoover's office where Miss Clark discussed the purposes of food conservation with the celebrated administrator. On the walls are the national colors, a map of the United States and a picture of President Woodrow Wilson.

The story deals with the fortunes of Nancy Craddock, a beautiful society girl of Washington who is an enthusiastic food conservationist after she has heard a speech by President Wilson. She becomes a farmette, and after adopting the slogan, "eggs will win the war," she goes on a farm to raise chickens, and incidentally to improve the prospects of her impoverished family. She meets a gentleman farmer who is employed on her farm and an interesting love story develops. How she gets rid of one suitor and accepts another in dramatic circumstances, are charming developments which add attractiveness to a delightful story.

Tomorrow Alice Joyce in "The Captain's Captain" will be shown.

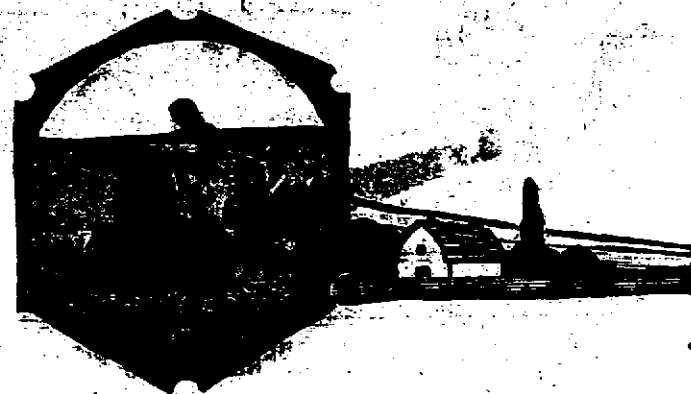

### Thrills at the Mystic

A woman falls from a ten story window in full view of the audience in the latest Universal Special Attraction, "Vanity Pool," with Mary MacLaren in the leading role. This thrilling stunt is performed by Marin Sais, one of the six motion picture stars used in this production, which will be shown at the Mystic theatre tonight.

In this remarkable feature, which was adapted from the story of Nabro Bartley and produced under the direction of Ida May Park, the role of Mary Royal, a girl of the tenements, is interpreted with rare feeling by Mary MacLaren, the American beauty of the screen. The story deals with political intrigue and the trustfulness of a little unsophisticated girl. It is in six reels and represents the best in the art of screen photography.

A story with speedy action, a high light contrast between the home of the tenement girl and the luxurious mansions of the wealthy, elaborate stage settings and beautiful gowns, and thrilling climaxes make this offering one of the most entertaining ever produced.

## When Is a Battery Abused?

Anybody who understands batteries will tell you that there are five things that must be avoided if your battery is to serve you long and well.

- 1—Solution low, so that water line shows on plates.
- 2—Battery overheated or overworked.
- 3—Battery charged in reverse.
- 4—Battery flushed with acid.
- 5—Foreign substance added.

Any of these are positive abuses, and will injure your battery permanently.

**Stop Coughing!**  
The simplest and best way to stop coughing is to take  
**FOLEY'S HONEY-TAR**  
It is, you get the curative influence of the pine tar and other healing ingredients, together with the molasses, laxative effect of the honey. It puts a soothing coating on the inflamed tickling throat, silences bronchial irritation, raises phlegm easily, stops hard wearing coughs and nervous hacking.  
W. S. Bailey, Lancaster, Ky., writes:—"My wife contracted a severe cold, which developed into a bronchial trouble, and she coughed almost continually. One-half bottle of Foley's Honey and Tar slackened up her cough and she rested much better at night. She continued its use until it effected a cure."  
**F. B. JOHNSON**

**Personal Points**

**Bring Them Home.**

The appeal will be made within a few days to all American citizens to make this last great war loan an overwhelming success. The duty rests on all, or rather we should say that an invitation is extended to all to take part in this great pleasure in aiding Uncle Sam in a time of need. The securities are free from taxation, and the interest is very attractive. There is no better borrower in the world than the United States government. The money is to be used for purposes growing out of the war which ended in a great victory, largely due to the part that American troops played in it. The former loans were heartily endorsed in order to send our boys across to fight for the right. Today we see many faded service flags still in the window and in many homes we find a mother who has stood all the former tests, but the waiting is having a more telling effect on her than dur-

ing the time the boy was actually engaged in combat. It is our duty to bring him back to the place dearest in his heart, from which he was taken—home.

The money invested may perhaps be considered as a thank offering—though it is not much of an offering since it will draw interest. But the question before Americans now is continuing to give the government that support that was so splendidly extended during the war.

Thinking of the smashed Hindenburg line, Chateau Thierry and the Argonne Woods, of the great sacrifice made and the wonderful courage of our soldiers, it ought not be difficult for any American to make up his mind as to his duty. If it had not been for them there would have been no victory but there would have been many more loans. If we had lost we would be stripped of every cent in the United States and we would now be suffering all the punishments that the thin headed Hohenzollern family could think of. We dare not think of failure except as an absolute impossibility. Get ready to do your part.

**A Triumph of Consistency**

Amid the discussion of war indemnities the voice of the German apologists uplifted.

We are told that the ghastly catalogue of Germany's crimes was the fault of the Kaiser and his immediate entourage. Had the bulk of the German people been given a voice they would have forbidden the whole program of atrocity.

Two years ago the same apologist was informing us that this was not a war of democracy against despotism, because the German form of government was as representative as that of any republic. It was, to quote one of the most loquacious of Germany's defenders, "a magnificent experiment in applied socialism."

Now is the time for some artist in

**Sap and Salt**

By BERT MOSES

Knocking an enemy often serves only to boost him.

People who do things through fear never do them right.

A committee is an arrangement to see that the thing is delayed.

All fashions come back. For new styles we reach out into the dusty past.

The greatest crime in the world is war, and yet sometimes it is its greatest blessing.

If you have never made a serious mistake, the chances are you have never done anything worth while.

Hez Heck says: "Water is a good thing to put in the radiator, but a dam bad thing to put in the gas tank."

word-jugglery to reconcile these two pronouncements.

Our boys have brought home from abroad some weird and sinuous French dances, such as the "frog dance", the "trench crawl", the "wounded wildcat", and other of that ilk. And they dance them—when the police allow it.

Will wonders never cease? It is reported that the warring Irish factions are striving to an agreement.

Perhaps the senate thought they were inappropriate appropriation bills, and that is why they passed them up.

Birds generally have it all over the rest of us. They build their own homes, are not subject to union labor, and the price of their materials never goes up.

First-class singers rarely die of consumption or any lung disease.

**7 A DAY FOR 7 DAYS**

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any drug-gist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

**FASCINATING TEETH**

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

**Digest of New Indiana Laws**  
By Charles Kettleborough.

**Highway Labor**—County highway superintendents will hereafter be permitted to pay 50 cents per hour for teams and 30 cents per hour for laborers employed on the county roads.

**Unfinished Contracts**—In cases where a contract has been awarded by the board of commissioners of any county for the improvement of highways or other public works and the contractor fails to complete the contract the commissioners are authorized to borrow official money to complete the contract or originally awarded. This act became effective March 11.

**Dependent Children**—The rate for maintaining dependent or neglected children who are made wards by the order of any juvenile court is 50 cents per day for children over 5 years of age and 60 cents per day for children under 5 years and in case of death a reasonable allowance for funeral expenses.

**GLEE CLUB GIVES PROGRAM**

Connersville High School Musical Organization at Orange

The Connersville glee club gave a very entertaining program last evening at the Orange high school auditorium. The program opened by singing "America," which was followed by three other selections by the glee club, Miss Marian Smith rendered a piano solo, after which the club sang "Who Knows." Miss Norvella Davis gave two readings, "Back in Squashville," and "Smith Perkin's Toboggan Slide," which were loudly applauded by the audience. The program closed by the glee club singing "Swing Along."

**BOLSHEVIK MOVE FAILS**

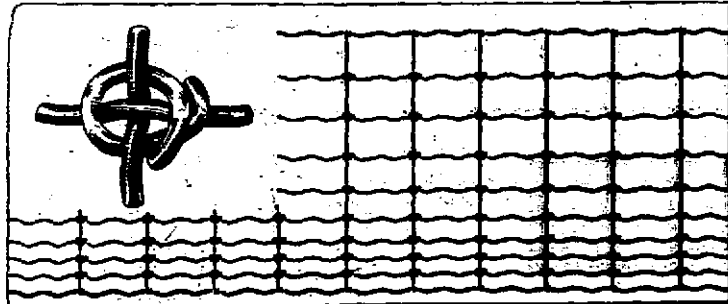

Paris, April 4.—A correspondent of Matin wired today that extremists socialists in Varna, an important Bulgarian port, attempted a Bolshevik movement. The town, he said, was immediately occupied by British troops who declared a martial law.

The Store That Sells the FLORENCE WICKLESS OIL STOVE

**The Monarch Kruse and Dewenter Annealed Steel Warm Air Furnace**

The accompanying cut represents our "MONARCH & PORTABLE FURNACE." This furnace is designed as a strictly first class furnace in every respect and as a portable furnace is superior to any of its kind. It is readily seen from the engraving that the furnace has a very large radiating surface. The radiator is made upon an entirely new plan having reversible flues, the smoke and heat passing through two openings each side and down to the base of the radiator and then back again to the top before entering the smoke flue, thereby preventing a loss of heat. The furnace is constructed throughout of annealed steel plates and is absolutely gas-tight in every part. The furnace is lined with fire clay tile lining. It burns anthracite and soft coal, coke, wood and natural gas. In use over 35 years. Sold and installed by

**Walter Perkins**

with 22 years of practical experience in warm air heating. Why take a chance on a furnace with a cast iron fire pot installed by some one who knows little or nothing of warm air heating when you can get the best at a less price than you are asked for a cast iron furnace.

# BUILD IT NOW

## The Greatest Farm Help IS THE HOME

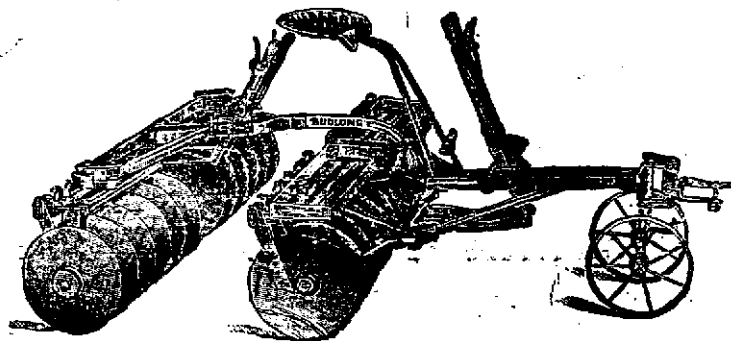

Your entire farm life centers about the home. Build a new one if you can, but, if you can't, at least rebuild the old one. This is the month when you should go over all your buildings and see just what's needed to keep your farm at its maximum productiveness this year.

For quick, easy and economical farm building you're always ahead if you use lumber. Our stock includes all kinds from shingles to flooring and also Beaver Board—the knotless and crackless manufactured lumber for better walls and ceilings.

Drop in and chat it over with us so you can get the work well started before planting time is here.

**Pinnell & Tompkins Lbr. Co.**

# Janesville Tandem Disk Harrow

THE Budlong Harrow is the only harrow we know of in which the bearings do not cramp while the machine is working. This freedom in the bearings means light draft and flexibility in the whole harrow. This allows the Budlong to make use, in a natural way, of all of its penetrating qualities to thoroughly pulverize the soil under the most trying conditions.

The rear harrow is built like a bridge and no manner of hard work will ever force this harrow to buckle in the middle.

## Its Backbone Is as Rigid as a Concrete Arch

The trailer steadily holds its place back of the Budlong, whether used on side hills or on the level, on account of the way it is attached to the front harrow.

The same material used in all Janesville machines is found in the Janesville Tandem. Made in sizes from four to ten feet with sixteen-inch blades.

We looked them all over and felt our trade and local conditions would be best served by this Janesville model. Compare notes with us before you buy.

Remarkable Success of Talented Physicians in Treatment of Chronic Diseases.

### Offer Services Free of Charge

The United Doctors Specialist, licensed by the State of Indiana for treatment of diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tapeworm, leg ulcers, weak lungs. Those afflicted with long standing deep seated diseases that have baffled the skill of the family physician should not fail to call, for so great and wonderful has been their results that many former patients state it is hard to find the dividing line between skill and miracle.

According to their system no more operations for appendicitis, gall stones, goitre, tumors, piles, etc., as all cases accepted will be treated without operation or hypodermic injection as they were among the first to earn the name of "Bloodless Surgeons" by doing away with all pain in the successful treatment of these dangerous diseases.

If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty. A visit at this time may help you. It costs nothing.

Married ladies must come with their husbands and minors with their parents.

Laboratories: Milwaukee, Wis.—Adv

meeting led by the pastor Thursday evening at 8 o'clock. All are cordially invited to all these services.

—The Bible school of the Main Street Christian church meets at 9:15. At 10:30 the pastor will deliver the first of a series of sermons on "In the Path of Our Pioneers—Thomas Campbell (Founder of the Movement)." At 8 he will speak on "How I May Know that I am a Christian." The Juniors will meet at 2:30 and Christian Endeavor at 7. Mid-week service Thursday 7:30 led by Mrs. G. P. McCarty. Orchestra and chorus choir at the evening service.

—First Baptist church Sunday services: Sunday school, 9:30 a. m., public worship, 10:45 a. m. and 8 o'clock p. m. Subject for the morning sermon, "Our Covenant Relation;" theme for the evening hour, "The Triangular Way." The Lord's Supper will be observed at the morning hour and it hoped all the members of the church will be present. Baptist Young People union will meet at 7 o'clock. The mid-week prayer service will be held on Thursday evening. A cordial welcome is extended to the public to attend these services.

—Arlington Methodist: Bible school, 9:30 a. m.; Minute Man, Fred McFartridge, 10:30, to be followed by a sermon by the Rev. James L. Brown, and holy communion; Junior League 2:00 p. m.; Senior League 6:30; Minute Man C. H. Stirling, 7:30; sermon by the pastor. Monday evening, stereopticon lecture by the Rev. W. M. Nelson; (Admission free); Thursday afternoon and evening, district E. L. conference, the Rev. J. W. Eller, of Waldron presiding. During the pastor's weekday absence the Rev. J. L. Brown will look after any extra duties.

**CONCERT AT ARLINGTON**  
The DeWillo Concert Company will close the Arlington lecture course when they appear at the Arlington M. E. church Monday evening, April 7. This recital promises to be one of the best on the program the organization being one of the most unique collection of artists engaged in concert work and the wide variety of their entertainment is unusual and appealing.

**WOMAN HANGS HERSELF**  
Columbia City, Ind., April 4.—Mrs. Abbie Talley, 70 years old, a widow, committed suicide yesterday by hanging herself with strips of bedding in the barn of her brother, Frank Allgire, near South Whitley. Several children survive. She had been ill.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

# MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

With two 14-inch bottoms, under average plowing conditions, the new Moline Universal Tractor, Model D, plows 9 acres in 10 hours, as much as ordinary 3-plow machine. The superior efficiency of the Moline Universal is due to its higher speed, 3 1/2 miles an hour, two bottoms at 3 1/2 miles giving the same number of plow-miles as three bottoms at 2 1/4 miles.

Plowing at 3 1/2 miles an hour gives ideal results, the ground being pulverized more thoroughly than at slower speeds, with less air space. Tough sod that cannot be turned at all at 2 1/4 miles an hour is plowed with ease.

Perfect work is assured with the Moline Universal through the advantageous position of the operator, who sits on the implement, where he must sit in order to do good work. The Moline Universal is easily handled, turns short, and backs as readily as it goes forward.

Waste of time in the field is eliminated and the tractor kept at productive work a maximum number of hours a day through a complete electric starting and lighting system. The Moline Universal is the only tractor thus regularly equipped.

The secret of the speed and power of the Moline Universal lies in its perfected overhead-valve engine and two-wheel construction. The engine develops 18 horsepower at the belt, and 9 at the drawbar, every ounce of which is available for pull. There are no dead wheels to drag along that only carry weight and steer.

For plowing in extremely soft ground, the Moline Universal is equipped with a differential lock that enables the two drive wheels to be locked together, doubling their pulling power.

When plowing the land wheel is raised so that the tractor is level. The wheel is very easily and quickly raised or lowered.

The light weight of the Moline Universal, 3380 pounds, and its high clearance, 29 1/2 inches, make it adapted for all other field work, besides plowing. With it one man can plant 40 acres a day, cultivate 20 acres a day, harvest 25 acres a day, or do any other work with equal speed. It is the ideal tractor for any sized farm, practically eliminating horses and solving the farm help problem.

Call and let us show you this remarkable machine.

# Activity

Mrs. Susan Tingley will celebrate her ninety-fifth birthday anniversary Monday, April 7. Mrs. Tingley is enjoying good health and is very active for a person of that age.

Mrs. Fred Caldwell was hostess yesterday afternoon for the Social Dozen at her home in North Morgan street. The guests enjoyed the afternoon over their needlework and socially. A light luncheon was served late in the afternoon.

The Lurline Council held their regular meeting last evening at the Red Men's hall. After degree work, a business session was held, at which time many important business matters were discussed. A two course luncheon was served.

Mrs. Wilbur Stiers entertained the Thursday Afternoon Card club yesterday afternoon at her home in North Perkins street. The guests enjoyed the afternoon playing

Bridge and at the close of the playing the hostess served a dainty luncheon.

Mrs. Russell Ruff entertained the ladies of the C. W. B. M. of the Christian church of Glenwood on Thursday afternoon. There was a large attendance of members and several guests. At the conclusion of the splendid program the hostess served a dainty luncheon.

Mr. and Mrs. Frank Reynolds of North Morgan street will entertain tomorrow evening with a dinner party in honor of Senator and Mrs. James E. Watson. The senator and Mrs. Watson will also be guests of honor at a pitch-in dinner at the home of Mr. and Mrs. E. B. Thomas Sunday.

The Epworth League cabinet of the Pleasant Ridge M. E. church met last evening at the home of Miss Marie Kramme southwest of the city. At this time many business matters were discussed and a program planned for celebrating the fourth anniversary of the League next Tuesday evening at the church.

An Epworth League social will be given in the parlors of the Methodist church on Monday evening of next week. The meeting will be in honor of the new members who went into the League during the recent Win-My-Chum campaign and all young people interested are invited and urged to be present. The social will begin at 7:30 o'clock.

One of the leading events of the year for the Methodist church will be the banquet given this evening at 7 o'clock at the church. A number of men are expected and the banquet which will be served by the women of the church, will be followed by a short program of Centenary talks. All men of the church and congregation are invited to attend.

The C. W. B. M. of the Christian church of Orange was entertained yesterday afternoon at the home of Mrs. Mary Phillips, the occasion being guest day. The afternoon was devoted to the regular program and business meeting. Four new members were taken in, Mrs. Edith Norris, Mrs. Hester Sipe, Mrs. J. F. Ryan and Mrs. Walter Mingle. Refreshments of ice cream, wafers and coffee were served.

The Christian Woman's Missionary society met yesterday afternoon

# BUY YOUR RUGS NOW

## AT REDUCED PRICES

The prices we are quoting for the next ten days are sensational in the extreme. Your memory must go back to two or three seasons ago to recall equal values. FERRY'S GARDEN SEED IN BULK

FERRY'S GARDEN SEED IN BULK

# Spring Time Frocks In Later Models

New expressions of fashion's modes for Spring and Easter wear are found in our Suits, Coats and Capes. These garments answer the demand for individuality and reveal the newest fashion trend.

Mr. Hugh Mauzy is spending the week in the market to insure our patrons the very latest and smartest models for Easter.

New models are constantly arriving, and they are the cleverest and most stylish that the market is producing. They give expression to the very best of the new modes. These models comprise suits, capes and coats. Women are asking for smart tailor-mades—a suit they can don with that confidence that they are well dressed for all occasions.

## Mauzy's Suits and Coats Meet Every Demand

Let us show you our attractive tailor-mades—they are tailored from the finest fabrics—that is the reason they hold their shape and style throughout the season.

**The MAUZY Company**

in the parlors of the Main Street Christian church at 2:15 o'clock. The program was as follows: Bible study: "The Book of Galatians," Mrs. El Jones; "Enlarging Opportunities for Oriental Women," Mrs. L. C. Lambert; Music by Miss Edith Brown; Missionary Facts, by Mrs. Ezra Hinkle. The next meeting will be Thursday afternoon, May 1 in the parlors of the church.

Mr. and Mrs. James V. Young gave a prettily appointed dinner party last evening at their home in East Seventh street, for a number of their friends. The centerpiece for the table was a large bouquet of jonquils and covers were laid for Mr. and Mrs. Will Amos, Mr. and Mrs. Harry McMillin, Mr. and Mrs. Kennard Allen, Mr. and Mrs. Frank Reynolds, Mr. and Mrs. Albert Winship, Dr. and Mrs. John M. Lee, and Mr. and Mrs. Wilbur Stiers.

The Woman's Missionary Society of the Little Flatrock Christian church held their regular monthly meeting yesterday afternoon in the parlors of the church at 2 o'clock. The program which was somewhat different from the former programs, was led by Mrs. Alta Smith. The devotion was conducted by Miss Anna Kirkpatrick. The messages from the fields was as follows: Jamaica, Marie Holden; India, Anna Heaton; Mexico, Grace Armstrong; Porto Rico, Molly Goddard; Canada, Lavonne Morris; South America, Alta Smith; Africa, Nellie Meyers. The Home Vase, by Mamie Stevens. The music for the afternoon was furnished by Mamie Stevens and Anna Heaton and Lawrence Smith.

The word Czechs should be pronounced as though it were spelled "tshaks."

## AFTER INFLUENZA— WINTER COLDS— BAD BLOOD

You are pale, thin, weak—with little vitality. Your liver is sluggish and the bad blood causes your stomach muscles to lose their elasticity and become flabby and weak—then indigestion.

Doctor Pierce's Golden Medical Discovery, made from wild roots and barks, and free from alcohol or narcotics, is the great and powerful blood purifier of to-day. Ingredients printed on wrapper. This tonic, in liquid or tablet form, is just what you need to give you vim, vigor and vitality.

Take it as directed and it will search out impure and poisonous matter throughout the system and eliminate it through the natural channels.

You can procure a trial package by sending 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Stevens Point, Wis.—"Ever since I can remember, when I was a child at home, Dr. Pierce's medicine have been our family medicine. About two years ago I was very much run-down. I suffered loss of appetite, my blood was bad and I had no ambition to do anything; I was miserable. I got so bad I had to take to my bed. I started taking Dr. Pierce's Golden Medical Discovery. I soon began to feel better and three bottles of this medicine was all I had to use to put me in fine condition. I had a good appetite, my strength came back, and I once more felt that life was worth living. There is no better medicine—I do heartily recommend it. I shall be glad to answer any communications in regard to this medicine if stamped envelope is enclosed."—A. W. Hawley, Route 3.

## County News

### Clarksburg

The Young Ladies Sunday school class held a social at the home of Miss Mildred Kincaid Friday night.

The last number of the Lyceum course was given at the school auditorium Thursday night. A large crowd was present.

## ROAD TO BE NAMED HONOR OF PERSHING

"Pershing Highway," a National Road, is Being Organized by Lincoln Commercial Club

INCLUDES HISTORIC POINTS

(By United Press.)

Lincoln, Neb., April 4—"Pershing Highway," a national road in honor of General J. J. Pershing, is being organized by the Lincoln Commercial club. Present plans contemplate having the road start at New York, touching Princeton, N. J., Philadelphia, Baltimore, Washington and Indianapolis enroute west. This would include many historic points connected with the civil war and would take in Springfield, Ill.,

## Run-Down People Vinol is What You Need

Weak, run-down nervous men and women need Vinol because it contains the most famous reconstructive tonics in an agreeable and easily digested form:—Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates.

We guarantee there is no tonic equal to Vinol.

HERE IS PROOF

Detroit, Mich.

"I got into a weak, run-down condition, no appetite, tired all the time and headaches—but had to keep around and do my housework. I read about Vinol and tried it—within two weeks I commenced to improve, and now have a splendid appetite and feel stronger and better in every way."—Mrs. John F. Watson.

Texarkana, Texas.

"I keep house and I was weak, run-down and nervous, back ached a good deal of the time, so it was hard to take care of my chickens and do my work—Vinol has restored my strength, and my nervousness has gone, so I can do my work as well as ever. Every run-down woman should take Vinol."—Mrs. Emma Britt.

# After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons  
Out of the Digestive Tract

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor, they are weak, and they are waiting for their strength to come back. If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on.

Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 72 years old. Read what he says. EATONIC did for him:

"I am an old soldier, past seventy-seven years. I had the Spanish influenza and it left my stomach in an

awful shape. I tried three different doctors but got no relief. As a last resort I sent and got a box of EATONIC and to my greatest surprise the very first tablet I took helped me. I can now eat anything I want, and feel fine."

Yours faithfully,  
Fowler, Indiana  
Dec. 4, 1918. C. S. Martin

P. S.: If you can make any use of this letter for suffering humanity, you are at liberty to do so. C. S. M.

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu," fever or cold, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.

## TAKE EATONIC TODAY FOR YOUR ACID-STOMACH

NOTE—Over 20,000 drug stores throughout the United States sell and guarantee EATONIC. If you cannot obtain EATONIC quickly at your drug store, do not be without it. Write us and we will mail you a box for at once and you can send us the box after you get it. Address: EATONIC REMEDY CO., 1044 South Wabash Avenue, Chicago, Ill.

## COMFORTS AND QUILTS

Before you put away your Comforts and Quilts for the Summer, send them to us to be washed. Let us also wash your heavy Bed Spreads; we brush out the fringe and return them looking like new.

We wash anything that can be washed in water. We do Family Washing at 7c a pound. Rough dry. We also do Family Washing and iron all the pieces.

## PLAN TO SUCK FOG OUT OF OLD LONDON

Engineers Propose to Wash Air  
of Greatest City in the  
World.

No more fogs for London? That is the great possibility of the near future. The projected method of abatement is a novel one, and is planned to consist of a system of conduits and sucking pipes through the metropolis of the world. This is a first announcement of the proposal which is engaging the attention of the British national physical laboratory at Teddington, a London suburb.

Fog is smoke-saturated mist. When the mist is dense little of the smoke escapes. The proposed antifog system would suck in the imprisoned smoke, draw it through the conduits to baffles, or air washers, which would extract the dirt and dissipate the fumes.

In reality this is a system of smoke controlling, under low atmospheric conditions, such as is individually practiced in large buildings and factories in America. As London has hundreds of thousands of buildings, each with from five to fifty fireplaces—a chimney for each fireplace—it will be seen how difficult it would be to "muzzle" every chimney.

London is reluctant to abolish its traditional fireplace in favor of the more economical and efficient hot water or furnace heating systems, so that the millions of chimneys will continue to spew their dirty breath into the air for years to come. The sucking and air-washing system is the simplest, most trustworthy fog eliminator under these conditions, it is believed.

London without its fantastic fogs will be a disappointment to many. The great water colorist Turner was passionately fond of them. So is Yoshio Markino, the celebrated Japanese artist, who lives by the years in London with his canvas and paints ready for fogs.

However, most people will rejoice, including English, Scotch, Belgians, Dutch, Danes and Scandinavians. In "Brand" mentions the curse of London fogs descending on Norway.

## PREMIER LLOYD GEORGE AND HIS DAUGHTER

On one of his recent visits to France to attend a meeting of the peace conference Premier Lloyd George took his daughter, Mrs. Carey Evans, with him. They are here shown on the deck of H. M. S. Termagant.

There are plenty of garden seeds, but the supply of extra good ones is always small. Order early and get the best.

## PRESCRIBE EXERCISE FOR THE WOUNDED

"PLAY-THERAPY" IDEA IS BEING  
TRIED OUT IN CAMPS OF  
CENTRAL MILITARY  
DEPARTMENT.

Chicago.—"I prescribe an hour of volley ball for your stiff wrist this morning," is being heard now in a dozen of Uncle Sam's camps wherein wounded soldiers are convalescing. Or, it may be that the prescription is something like this: "Boy, your knee joints are pretty stiff and the hinges of your hips don't work right. Suppose you play arch ball for an hour today and tomorrow and then prolong the period of play a bit. This will do more for you than anything else."

Dr. H. F. Kallenberg, chief of Y. M. C. A. physical directors in the central military department, with headquarters in Chicago, is receiving word almost daily that the latest method of treating wounded men in government hospitals in such cases as demand exercise of joints, fingers, wrists, legs or arms, is doing wonders for the soldiers. They not only are throwing off their ailments but are taking on cheerfulness and a new interest in life, he declares. The treatment is "new" in that medical men examine each case and prescribe certain games to fit the needs of that case. No playing at games requiring exercise of muscles or joints is done save under the direct supervision of a medical officer, Doctor Kallenberg asserts.

Helping Government.  
"Physical directors of the Y. M. C. A. are helping the government in these matters at this time," explained Doctor Kallenberg. "I understand the application of our theory that the playing of certain games mend certain ailments is being demonstrated with success at various camps in the plain reconstruction of the physical man. We do not under-rate massage, hydrotherapy, electrotherapy or manual therapy, but we are finding that specified exercise in play works wonders in loosening joints and brings the man to a normal state."

At the following camps the new treatment of "play-therapy" is being used successfully upon hundreds of wounded soldiers, sailors and marines: Taylor, Dodge, Great Lakes, Fort Sheridan, Fort Des Moines, Fort Benjamin Harrison, U. S. General hospital No. 21, Denver, and plans are being made now to establish the treatment at Camp Funston, Sherman, Euster and the big Ford hospital, Detroit. It is reported that Major Kelley at Camp Grant has set aside two large two-story barracks for a gymnasium and will ask the Y. M. C. A. for two men to assist in directing wounded soldiers in their games.

## HONOR FIGHTING PARSON

Dr. John H. Clifford, Baptist minister in time of peace, but real fighter in time of war, has been awarded the croix de guerre for extraordinary heroism in action.

Doctor Clifford, as a Y. M. C. A. worker, braved the red wrath of war. He has been in the firing zone as much as the hardest infantryman and was decorated for a most unusual exploit. He was one of three men who braved incessant enemy shell fire while re-

DOCTOR CLIFFORD.

ceiving Col. Albertus W. Catlin, commanding officer of the Sixth regiment of marines. The trio carried the colonel to safety on a stretcher.

Doctor Clifford went over the top many times and came near being killed on several occasions. He is fifty-one years old.

## Praises "Y" Work.

Unqualified praise by Consul General Harris in Siberia for the service rendered not only to the American expeditionary troops, but also to the Czechs and to Russian prisoners by the American Y. M. C. A. secretaries, is contained in an official communication transmitted to the state department at Washington by Paul S. Reinsch, American minister to China.

## Great Athletic Program.

Through the Y. M. C. A. the United States plans to introduce a program for the development of American athletics in the allied countries. America's greatest athletic leaders are being directed to direct the movement from the headquarters to be established in Paris.

## Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the dose. Every bottle guaranteed by your druggist.

Chamberlain's Tablets

30c, 60c, \$1.20

## WOMAN'S FRIEND

## POWER AND ELECTRIC WASHER

Notice the good features on the Woman's Friend Machine that you will not find on any other washer—

See the large, round rubbing board that you will not find on any other power washer. It is 4 inches larger than on any other machine using the same style rubber, and is the only power washer with the LARGE end of the tub at the top and the Small end at the bottom, which enables you to do a small washing with less water than with the large end of the tub at the bottom. The tubs are made of White Cedar and are 1 1/2 in. thick, which makes the best tub you can buy and will last a life time. You do not need a wash-board when you use the Woman's Friend. Power Washer will not roll up the clothes. The single and double both have two stationary wringers, which makes them solid and more durable than the swinging wringer.

## Fiery Eczema and Skin Eruptions Readily Yield to This Old Remedy

Successfully used for 50 years, an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years. Get a bottle today and begin treatment that will get results.

You are invited to write to-day, for complete and full advice as to the treatment of your own case. Address, Chief Medical Adviser, Swift Specific Co., Dept. H, Atlanta, Georgia.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions. This wonderful remedy is without

## NEW REPUBLIC'S LEGACY TROUBLE

Some Hold German State of Past  
Should be Wiped Clean and the  
State Start Over.

IT WOULD MEAN DISASTER.

Leaders Called on to Construct Gov-  
ernment and be Responsible for  
all Past Failures.

By FRANK J. TAYLOR  
(U. P. Staff Correspondent.)  
Berlin, Mar. 20. (By Mail).—Ger-  
many's infant republic was born  
with no silver spoon, unless libera-  
tion from militarism and kaiserism  
can be interpreted in that way. The  
new republic begins with the most  
hopeless legacy of troubles that any  
nation ever faced.

So interwoven and tangled are the  
problems which the new republic's  
cabinet is undertaking and strugg-  
ling against, while new ones rise  
constantly, that the words of a Ger-  
man, who said, "There's not a man  
in all Germany who sees at one time  
more than half of the maze of dan-  
gers that might explode and over-  
throw the 'State', are true.

There are those who say the situ-  
ation is beyond solution. They hold  
that the state of the past should be  
wiped clean, and the German  
state should start all over again,  
much as Russia tried to do. The  
Government realizes this would mean  
disaster and complete loss of confi-  
dence in any form of government  
and struggles to avoid it.

It is hard enough to change the  
form of government when things are  
running smoothly, and when all par-  
ties agree to it. It is hard enough to  
begin a republic where no govern-  
ment existed at all before. The  
Germans find their task made far  
more difficult by the reason that  
their country was completely reor-  
ganized, and the new regime has to  
answer immediately for all the de-  
luge of failures and mistakes of the  
old.

Germany today can be visualized  
perhaps as popper full of pop-corn,  
most of which has popped, but some  
of which has not and is still going  
off. Each explosion shakes the whole  
mass. This unstable state is held  
together only by the walls of arms  
that still surround it, for many are  
the who would like to escape from  
the burden.

Germany's new Government is  
tackling the problems with optimism  
and hope—confidence is hardly pos-  
sible, as yet. Right here it might be  
said the new German Government is  
one without brilliant leaders and is  
without great men in it. This the  
Germans themselves say, and do so  
without regret in their voices. The  
Germans have had enough of great  
men, and seem glad to trust their  
future to mediocre, honest citizens.

This "carpenters' reichstag", as  
it has been called, has already  
weathered storms of opposition, dur-  
ing the trying months when the Eb-  
ert-Scheidemann party guided Ger-  
many from militarism, and put to  
flight the adoption of a provisional  
republic constitution at Weimar, on  
February 10. The great mass of  
German people have expressed their  
confidence in at least the honesty  
and impeccable good intentions of  
the "citizen congress."

How successful these "citizen  
statesmen" if they can be called that  
will be, can be told only by time. If  
they can bring Germany out of  
the "muddle of tangled political,  
social, economic and foreign prob-  
lems, it will be an everlasting tribute  
to the republican form of govern-  
ment. "If they fail and have to call  
for help from outside Germany, as  
no small proportion of Germans who  
are pessimistic predict, it will be be-  
cause the militarists and the Junk-  
ers left too much of a bad legacy to  
carry in these trying times.

Just what tremendous difficulties  
the new republic faces cannot be  
appreciated fully nor described in  
their own minds these problems  
especially, when German leaders  
themselves cannot straighten out in  
their own minds these problems  
which change almost daily.

But there are high lights that  
stand out, or group themselves un-  
der heads, and the best a correspon-  
dent can do is describe these prob-

## NOW Is the Time to Get Into the ELCAR Automobile Business

1919 is to be the biggest year in the history  
of the automobile

The great Elcar factory is backing its faith in 1919 by huge investments  
and costly preparations for the most profitable business in its 46 years of  
successful manufacturing.

The line of Elcar six and four cylinder cars, ten models in all, is the best  
and easiest selling in Indiana. Elcar leads in production of cars in Indiana.  
The reason is that Elcar produces cars that serve and sell.

The Elcar agency is ideal for the business man who wishes an opening  
in a profitable and substantial field.

## Do You Want a Share of \$300,000.00?

The Colonial Automobile Company has been a  
successful distributor of automobiles since the be-  
ginning of the industry, but our greatest growth  
has been since our connection with the Elcar, three  
years ago.

We see great possibilities ahead. We have been  
so successful in the past, forecasting rightly, that  
we are backing this opportunity with all our great  
resources and ability.

We are distributors also for the best built tractor  
in America—The National.

We have a special agency proposition for farm-  
ers, and a dealer proposition for business men in  
several Indiana towns—selling Elcar Automobiles  
and National Tractors. Whether you are a farmer  
or looking for a good business opportunity you can  
make money under our proposition.

Our agency contract is the best offered in Indiana.

Now is the time to get your share of 1919 profits. Write us for particulars  
while there is still some territory unassigned.

Colonial Automobile Company  
957 North Meridian Street, Indianapolis, U.S.A.

lems as they appear, not so much to  
a foreigner, but to Germany's repu-  
blican cabinet, which is trying to mas-  
ter them all at once. The following  
series of articles on Germany's situ-  
ation politically, socially, economi-  
cally, and on other phases that can  
be covered may be altered by the  
time these stories get to print, but  
they will describe the chaotic, com-  
plicated, unrestful situation out of  
which the new German republic was  
born.

## PART IN CEREMONY AT FORT M'HENRY

Capt. Harry VanOsdol Personal Es-  
cort to Mayor of Baltimore  
When Cross is Conferred

THIRD TIME IN UNITED STATES

Dr. John M. Lee has received a  
letter from his sister, Mrs. Bessie  
VanOsdol, in which she describes the  
conferring of the Distinguished Ser-  
vice Cross on Lieutenant Albert J.  
Shurtle of the 315 Machine Gun  
Battalion at Fort M'Henry, near  
Baltimore, in the ceremony of which  
her husband, Captain Harry VanOs-  
dal had a part. It was only the  
third time that the Distinguished  
Service Cross had been awarded in  
the United States and was confer-  
red on Lieut. Shurtle for extraor-  
dinary heroism near Bethencourt,  
September 26, 1918.

Capt. VanOsdol, who is first as-  
sistant to the chief surgeon in plas-  
tic surgery at the army hospital,  
noted as personal escort to Mayor  
Preston and his family of Baltimore  
during the impressive ceremony,  
which was conducted by Major Gen-  
eral Beaumont B. Buck, the new  
commander of Camp Meade. The  
ceremony was all the more impres-  
sive because of its being held at the  
old star fort where Baltimore was  
defended against the British in 1814.

## SURPLUS OF WORKERS

Indianapolis, Ind., April 4.—  
Eight of ten Indiana cities show a  
surplus of workers over the oppor-  
tunities available for their employ-  
ment, in the reports to the United  
States Employment office for the  
past week. Indianapolis continues  
to lead, as before, in the total of  
unemployment, although the showing  
of the state capital is an improve-  
ment over that for the preceding  
week.

discount upon all sums over \$25.00.

JOHN F. McKEE, Agent

Clon Miller, Auctioneer. Wm. P. Sipe, Clerk. John Nash, Cashier.

Dinner Served by Ladies of the Little Flat Rock Christian Church.

## FOR STUBBORN COUGHS AND COLDS

Dr. King's New Discovery  
has a fifty year record  
behind it

It built its reputation on its prodigious record of positive results, on its sureness in relieving the throat irritation of colds, coughs, grippe and bronchial attacks.

Dr. King's New Discovery? Why? Any folks wouldn't use anything else? That's the general nation-wide esteem in which this well-known remedy is held. Its action is prompt, its taste pleasant, its relief gratifying.

Half a century of cold and cough checking. All druggists. 60c and \$1.20.

## TWO YANKS HAVE NARROW ESCAPE

Four American Guns Await Order to Fire.

## OFFICER SEES THE CHEVRON

It Hadn't Been a Clear Day Knights of Columbus Secretary and Iowa Corporal Would Not Be Here Now to Tell the Tale—Yanks Thought They Were Huns and Had Guns Trained to Wipe Them Out.

If Sunday, October 13, 1918, had not been a clear, bright day John J. McBennett, 72 West Sixty-ninth street, New York, just returned from France, where since last May he served as a Knights of Columbus secretary, would not be living today. He admits it and his contention is supported by Corporal Bill Hale of Iowa, circulation manager for Stars and Stripes, the official organ of the A. E. F. Hale, too, has cause to remember always that that particular day was bright and clear—at least in the Argonne section of the battlefields in France.

McBennett and Hale would certainly have been blown off the face of the earth if a keen-eyed American artillery officer had not, through a powerful field glass, happened to see the K. C. chevron on McBennett's sleeve. There wasn't an instant to spare, either, because four big American guns were trained on the men and the signal only was needed to blow them to smithereens.

### How It Happened.

It happened like this: McBennett who had been delivering supplies to several of the Knights of Columbus buildings at the front, returned to division headquarters near Rarecourt Saturday night, October 12, with his automobile out of commission. He was wondering how he could manage to get those cigarettes and chocolates where they would do the most good when he happened to see Corporal Bill Hale coming along with a camionette, delivering a late edition of Stars and Stripes.

Hale agreed to help McBennett out. They made an early start and headed for Fleville, then started for St. Juvin, which McBennett understood was occupied by American troops, but later developments proved that 350 Germans were concealed in the town and outskirts.

### Got Out to Adjust Curtains.

They kept going until they were within 75 yards of the city. They stopped their car and decided to get away from there at once. Hale got out of the car to adjust the curtains on one side and McBennett left his seat to arrange the shields on the other side. They finally turned around and they got back near Fleville.

On the way back to the lines McBennett and Hale met Father Martelle, chaplain of the Three Hundred and Seventh engineers and Three Hundred and Twenty-first field artillery. The priest told McBennett and Hale they certainly were the luckiest men in the world, because on the preceding day, when they had ridden into Fleville and started for St. Juvin, the

American troops stationed in a town near there had seen them, but could not make out any name or insignia on their car, and when they saw them ride by these German machine-gun nests they naturally concluded that they were Germans and thus decided to mop them up. Four guns got their range on them immediately and would have received the signal to begin firing had it not been for the keen-eyed officer referred to. Through his glass he happened to see the K. C. chevron on McBennett's arm and the order to fire was never given.

## BABY HAS LARGE FEET

Shoes of Men's Size Required for Infant Girl.

There is no doubt that little Virginia Scroggins of Rockwall, Tex., has the largest feet of any baby in the world. Virginia is two years old and is just beginning to walk about the house. Her parents and physician declare that the delay in her walking is due to the fact that she can hardly drag her feet about. Instead of wearing a tiny pink baby shoe, Virginia wears what would be a No. 10 of men's sizes if such "baby" shoes could be bought in the stores. Her feet are fully 10 inches in length and are 4 inches across the instep.

Mrs. Scroggins declares when Virginia was born her feet were almost as long as her body. Since that time they have grown in proportion to the other members of the body and it is figured that by the time she reaches the marriageable age her feet will be 24 inches long.

## ARMY FOUND MANY UNFIT

467,694 Draftees Turned Down During Last Ten Months of War.

In the last ten months of the war, 467,694 men in the United States were found unfit for military service, according to the final report on the draft by Provost Marshal General Crowder.

Defective heart and blood vessels were the causes of most of the rejections, 61,142 being barred in those cases. Defective bones and joints barred 57,744 men from the service in the final ten-month period, and 49,801 were rejected because of poor eyes.

## The Debt

By RANDALL RARRISH.

A young fellow came back to our town the other day, struggling along on crutches; he had left one leg in France. A friend met him, and said sympathetically: "I'm mighty sorry; Fred, you lost your leg." The lad looked at him and smiled. "I didn't lose my leg, Charlie," he replied quietly. "I gave it."

That is just what they have been doing, those splendid lads of ours. They have been giving their legs, their arms, their eyes, their very lives, that we might have our homes, our shops, our farms; that we might live in peace, in prosperity, in freedom of thought and action.

Don't we owe them anything? Haven't we a debt unpaid to the dead in France, to the maimed and crippled, who are coming home from the battle front?

That is the appeal of the forthcoming Victory Liberty loan. It is a debt we owe—to the aviator, who went crashing down in flames; to the doughboy, who went cheering over the top through a rain of shrapnel; to the gunner, who fell with the lanyard in his hand.

We can never pay it—no! Money does not work that miracle. Just down the street from here a flag hangs in the window of a little cottage containing two golden stars. What is my money, or yours, balanced against the priceless gift of the heart-broken father and mother there? If every man in this town should throw his dollars into the scale, those lives would weigh the most.

Cheer and welcome those who return; honor their manhood, and thus pay to them, in a small measure, the debt you owe their service.

But do not forget those others, who will not return—the voiceless dead. You owe a greater debt to them. They died with faith in you.

### —HELP "FINISH THE JOB."

The war in its larger sense is not over, and our duty to support our soldiers is not over until they are

all home. The Victory Liberty Loan is to be used for the purpose of maintaining them overseas as an army of occupation and bringing them back.

The Germans, not the Americans, were the quitters, but our work is not finished until we have brought the victors home. Let's finish the job by oversubscribing the Victory Liberty Loan as we did all its predecessors.

We may speak of the Victory Liberty Loan as a peace loan or a victory loan, but in a sense it is a memorial loan to our soldiers who died on the field of battle.

Buy Victory Liberty Loan Bonds and help finish the job it took 10,000,000 lives to start.

## AMERICA'S IMMORTALS

WILLIAM R. PECK,  
Sergeant, Company C, 354th  
Infantry.

Sergeant Peck (deceased) received the Distinguished Service Cross for conspicuous gallantry in action near Remonville November 1, 1918. He was advancing with his company across an open field when enemy guns opened fire on them from two sides. The attention of the platoon commander was directed to the gun on his direct front, while the enemy on the right was leveling his gun upon him. Seeing the predicament of his commander, Sgt. Peck threw himself against the officer, pushing him into a shell hole, but exposing himself to the fire, which instantly killed him. His home was in Washburn, Wis.

### What Every Boy Should Do Every Day

1. Drink a pint of hot water and take a dozen deep breaths before breakfast.
2. Say "good morning" to at least one-half dozen people.
3. Smile.
4. Walk at least two miles.
5. Whistle at least a dozen tunes.
6. Do some helpful thing around home that you have not been told to do.
7. Be prompt.
8. Be as kind and helpful to your own mother and sisters as to other boys' mothers and sisters. The Chronicle.

### Quaint French Custom.

A quaint custom with the boys of France, at the time when they are called to the colors, is the wearing, just for a day or two, of a tall silk hat, and failing that, of the tallest felt hat they can procure. Pinafore bands of newspaper to the crown, they saunter forth thus decorated and parade the streets of towns and villages, as the case may be. Often hats are handed from father to son, or from brother to brother, and worn heedless of size or shape. The boys, having worn the "chapeau de forme" for 24 hours or so, stream into the barracks, and become the conscripts, and then the famous "poules" of France.

## Happy Mothers Prepare in Advance

A Wonderful Influence For Expectant Mothers.

Mothers for over half a century have used with the utmost regularity the time honored preparation, Mother's Friend, before the arrival of baby. Here is a truly wonderful penetrating application for the abdomen and breasts. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion. By its use the anxious months of pregnancy are made comfortable. The usual wrenching strain, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and the use of Mother's Friend brings restful nights and happy anticipation for the nerves are not drawn upon with the usual strain.

By its regular application the muscles expand easily when baby arrives; the time is less at the crisis and naturally the pain and danger is less.

Mother's Friend is on sale at every drug store. It is for external use only, is absolutely safe and wonderfully effective.

Write the Bradfield Regulator Company, Dept. C, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, free to users of Mother's Friend, and obtain a bottle of Mother's Friend from the drug store and begin this grateful treatment.

### Keep the Kidneys Well

Health, Worth Saving, and Some  
Rushville People Know How to  
Save It

Many Rushville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Rushville citizen's recommendation.

Mrs. Lizzie Boren, 840 W. Ninth St., says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. I was told I had gravel. I heard how someone else had been cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me at once and after I had taken four boxes, the pain had left and I felt a great deal better."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Boren had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

### MAY SOLVE THE GLENWOOD THEFT

Arrest of Youthful Bandits in Fayette County May be Solution of Many Robberies

#### LOOT IS FOUND IN A DUGOUT

Farmer Sees Smoke Coming From Underground Refuge Which is Raided by Sheriff and Posse

With the arrest of two youthful bandits in Connersville the mystery surrounding the robbery of the Vandiver store in Glenwood a few days ago is thought to be solved. It was thought that a cave existed in the vicinity of Connersville and did exist as it was found Wednesday and in it were the many articles that had been stolen during the last few weeks which, when loaded into a farm wagon, made a big load.

For the last few weeks many stores have been entered and articles of food, clothing, tobacco and ammunition taken. Livery barns

have also been entered and robes and blankets carried away, two homes were forced and uniforms were missing, a horse was taken from the hitch rack and driven until it could no longer go and then turned loose. All these matters have been considered serious and have been given strict attention but until last week were the officers unable to locate the young bandits.

Wednesday morning a farmer noticed smoke coming from the ground near his farm and he immediately notified the Fayette county sheriff, who with a posse rushed the dugout in which the boys were living and captured them, along with the plunder which they had collected within the last few weeks. As a result Charles Finch and Orville Stant are in the Fayette county jail awaiting trial.

From the Connersville News this morning comes the story that another robbery has been committed and it is thought that there were more than the one band of robbers on the job. This time the Vaudette theatre was entered and the war time money and other small change was taken from the till, which amounted to about \$12. It was sure that the Jesse Jameses that committed the former robberies did not commit

### MOTHER GRAY'S POWDERS BENEFIT MANY CHILDREN

Thousands of mothers have found Mother Gray's Sweet Powders an excellent remedy for children complaining of headaches, colds, feverishness, stomach troubles and other irregularities from which children suffer during these days and excellent results are accomplished by its use. this theft for they were safely locked in the county jail. The Connersville police have something else to think about now and are hoping to have as much success in running down this rober as they did in the case of the boys in the dugout.

### WORD RECEIVED FROM CLARENCE E. MEYERS

Recently Returned From Overseas Where he Saw Several Months Service

#### NOW IN THE BASE HOSPITAL

William Mulino is in receipt of a letter from Clarence Meyers, who was employed in Mr. Mulino's clothing store prior to his enlistment in the marines early in 1917. The letter was written a few days after Meyers landed in the United States from France. He is now stationed at the Base Hospital at Quantico,

Va. The letter in part is given herewith:

"I landed in the U. S. about ten days ago but have not been able to write until the present time. I took the influenza aboard ship shortly after we sailed and was sick all the way across as the 'flu' turned into pneumonia. That is what is keeping me in bed now. I am getting along alright and would feel much better if I could be myself again, but have no idea how long it will be before I can get out of here."

"It sure seems strange that I am in the United States again. All that I have seen of it though is through this window and that isn't very much. I certainly would like to bid this hospital goodbye and be myself once more."

In a letter received since the above one he states that he is improving fast and was able to sit up a few minutes and have his clothes on the day he was writing. He states that he is receiving papers from this county and that they certainly look good to him. He states that he is anxious to be discharged in order to be home, but has no idea when that time will come.

Private Leland T. Hadji, Richmond. Died from accident and other causes.—Private Miles E. Wheatley, Tell City.

Wounded severely—Corp. Nelson Thompson, Fort Wayne.

Killed in action—Private Clinton G. Beasley, Linton, (previously reported missing in action.)

### A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

### 142 CASUALTIES ARE IN TODAY'S REPORT

Commanding General of the American Expeditionary Forces Reports Seven Hoosiers.

#### 8 ARE DEAD FROM WOUNDS.

Washington, April 4.—The following casualties are reported today by the commanding general of the American Expeditionary Forces: Killed in action 8; died from wounds, 4; died of disease, 61; died of accident and other causes, 15; wounded severely, 15; wounded slightly, 29; wounded, degree undetermined, 8; missing in action, 2; total 142.

Seven Hoosiers were listed as follows:

Died of wounds—Wagoner Wade H. Ettinger, Anderson.  
Died of disease—Sergeant Earl T. Steinhart, Indianapolis; Private Green H. Spender, Indianapolis.  
Wounded degree undetermined—
